

KELLEYS Life

Life on Kelleys Island

2020 Annual Easter Egg Hunt

Don't miss the Kelleys Island Annual Easter Egg Hunt. Children of all ages are invited to participate in the egg hunt on Easter Sunday, April 21st, at the Memorial Park. The event will start promptly at 12:00 Noon. Be sure to arrive early, bring a basket or bag for the many eggs to be collected, and dress for the weather. Many thanks go out to Annie Coulon, The Village Pump, and Andy Stein for all of the treats, stuffing the eggs and preparing the park.

EMS News

While the winter weather here in northern Ohio have remained fairly mild, the cold and flu season has not!

What is this Novel Coronavirus they keep talking about on the news every morning? As you are aware, it was first identified in Wuhan, Hubei Province, China in December 2019 and has caused an outbreak of severe respiratory illnesses and a number of reported deaths.

nCoV is believed to have started in wild animal food markets in the district, similar to what we saw with SARS (Severe Acute Respiratory Syndrome) in 2003. This virus made the leap from animal to human, and transmission is now possible through human-to-human contact. Initially it was believed the virus was only contagious after a patient showed symptoms, but Chinese authorities recently reported patients may be able to transmit the disease in the 2-3-day period before showing symptoms.

Coronaviruses include a variety of presentations from the common cold up to more severe respiratory afflictions like Middle East Respiratory Syndrome (MERS) and SARS (severe acute respiratory syndrome). The nCoV outbreak has

come with severe symptoms that have often included fever, chills, and body aches and often progressed to pneumonia, mimicking what we saw with SARS and MERS.

Standard recommendations to prevent infection spread include regular hand washing, covering mouth and nose when coughing and sneezing, thoroughly cooking meat and eggs. Avoid close contact with anyone showing symptoms of respiratory illness such as coughing and sneezing.

Additional information and up-to-date bulletins can be found on the websites from the Center for Disease Control (<https://www.cdc.gov/coronavirus/2019-ncov/index.html>) and the World Health Organization <https://www.who.int/health-topics/coronavirus>

When in doubt, if you are feeling ill, have a cough and/or fever or gastrointestinal issues, stay home, keep hydrated and call 9-1-1 if symptoms are causing a concern. EMS will always be available to check you out and advise you if it is necessary to see your physician or go to the emergency department.

Spring will arrive soon!
Stay safe,
Sharon A. Devine, Paramedic
Kelleys Island EMS

From the Mayor's Desk

I'm glad to report that we are better than half way through winter. On the same note, speaking of winter, Mother Nature has been very kind to us this year. I realize we have a few more weeks to go but, we are on the back side headed toward spring. We'll have to start putting away our fish shanties and prepare for what's ahead.

I would like to report that our maintenance department has been up to task. Taking advantage of the decent weather we have been able to work outside and tackle some tasks that have been on a list for some time. On the day after Christmas, Bobby with the help of Mike Phinney, volunteering both his time and equipment, began to dig up the old drain tile on Division Street at Trout Lane. There was approximately 135 feet of crushed tile that was removed then replaced with new pipe over three days. I do not know how long that the system was not working properly, but now hopefully this will help. I repeat

only help, and not fix, the ongoing problem of flooding on Division Street. With the replacement of the crushed tile, we have a drainage system that is working the way it was meant to and now can be accessed with permission, from the Village, by property owners to help their individual situations. By the Village attacking this problem, many dollars were saved, only cost being that of the material. Along with Mike Phinney, I would like to thank Bob Simonson and Dave Marco for their advice and assistance. Upon completion of this project, Bobby has continued to clean catch basins, sewer jet several other drains, on Chappel Street, East and West Lakeshore Drive and other areas where problems have existed. "Good job Bobby"

At the Village Office, our Clerk-Treasurer, Claudia Brown has been very busy setting up and entering data into the new state computer. The new system, UAN, has been designed to make accounting for the village easier

Kelleys Island School Board Honors Kelleys Life

The Kelleys Island School Board recently named The Staff at *Kelleys Life* to the Ohio School Boards Association 2019 Media Honor Roll. The Media Honor Roll recognizes media representatives statewide for fair and balanced reporting of news about public schools.

Media representatives from more than 100 Ohio Newspapers and radio and television stations were honored by their local

KISB Certificate presented to Lisa Klonaris

KISB Certificate presented to Caroline Jorski

school districts. Criteria for selection by the local school districts include the media representative's efforts to get know the superintendent, the members of the school board, and the district mission and goals; report school news in a fair, accurate and balanced manner; give high profile to positive news about schools; visit the schools; and maintain a policy of "no surprises" by sharing information with school officials.

The OSBA's Chief Executive Officer, Rick Lewis, joins The Kelleys Island School Board in congratulating Editor, Lisa Klonaris, Assistant Editor, Caroline Jorski, Graphics Design, Victoria Rovder, and publishers Anne & John Bauswein.

Please turn to page 2

KI School Board Honors Kelleys Life

—continued from page 1

At the January 3, 2020 Kelleys Island Board meeting, Editor, Lisa Klonaris and Assistant Editor Caroline Jorski were present to receive this recognition and be presented with personalized certificates. These honorees will also be recognized in The OSBA's Journal magazine and on its website.

The Kelleys Island School Board appreciates The *Kelleys Life* Newspaper as one of its main sources for communication with the Community of Kelleys Island! Thank you!

Serving Our Seniors & Kelleys Island Land Owners Association Partner on "Transportation Project"

Serving Our Seniors and Kelleys Island Landowners Association (KILA) are working together to experiment how they can help Kelleys Island residents, ages 60 and older, mitigate the financial burden of air transportation off and on Kelleys Island, when ferry service is not available, to access unanticipated, recurring medical treatment for up to 8 weeks.

The total funding available is \$3,000.00. Serving Our Seniors is providing \$2,000.00 and KILA is contributing \$1,000.00 to study the extent of the need.

Examples of Eligible Conditions that Qualify for Airfare Reimbursement:

Those who are medically stable and do not require the services of emergency medical personnel.

Those who are medically stable and require recurring after care due to unexpected complications.

Those who are medically stable and require recurring after care following an emergency or unscheduled life-sustaining surgery, i.e., organ transplant.

Those who are medically stable and require short-term dialysis.

Those who are medically stable and require cancer treatment.

Those who are medically stable and require recurring treatment due to a flare-up/change in condition of illness(es).

Examples of Ineligible conditions for Airfare Reimbursement are:

- Regular maintenance doctor visits
- Emergency medical attention
- Dental
- Planned elective surgery and after care.
- Long term dialysis

Serving Our Seniors also has a group of volunteers who donate their time to drive Erie County senior citizens to health care appointments. The volunteers will pick up the client at the Erie-Ottawa airport, in a Serving Our Seniors vehicle. The volunteers will drive as far as Cleveland or Toledo to get the individual to their health care appointment.

For more information call Sue Daugherty, Director, Serving Our Seniors (419-624-1856).

VFW NEWS

The members of the VFW Post 9908 would like to recognize and say thank you for the contribution of time made by the many volunteers that put together the successful Chicken Dinner at Post 9908 on August 24, 2019.

Without these dedicated volunteers there would be no dinners, past or present! The services they provide range from setting up, cooking, serving, tearing down, clean up and much more.

A SUPER SPECIAL THANK YOU TO THE FOLLOWING: *Pat Seeholzer, *Bernie Koshla, *Laura Jean Pohorence, *Donna Farmer, *Linda Hostal, *Mary Doe, *Kathy Reddinger, *Kelly Hebb, *Jon Chapman, *Dave Chapman, *Chuck Poston, *Jim Erne, *Karen Erne and also the *Crew at Island Market for ticket sales.

THANK YOU!

We offer sales and service on the following items:

JET BOATS Yamaha

PWC (jet skis) Sea Doo, Yamaha and Kawasaki

SxS & ATV Kawasaki, Yamaha, Honda, Can Am, Suzuki

MOTORCYCLE Yamaha, Honda, Kawasaki, Suzuki

3 WHEEL Spyder Roadsters by Can Am

SNOWMOBILES Yamaha and Ski Doo

- ◆ We offer fiber glass repair on PWC and Yamaha jet boats.
- ◆ We can convert SXS units to be island legal for on road use.
- ◆ We can pick up or deliver to any of the ferry docks and the Port Clinton airport.

News From The Kelleys Island Historical Association

Leslie Korenko

Remember the fun we had at the Murder Mystery and Breakers Ball? We are doing it again! This time it's Vegas baby. The Kelleys Island Historical Association is hosting a casino night. Keep checking our website for details. We already have two videos of the song Viva Las Vegas for you to enjoy. Start planning your costume. So what do we have planned? We are thinking Vegas style buffet, big name stars, gambling and lots of activities. Let us know what YOU would like to see at this event. Save the date: Saturday, August 15, right here on Kelleys Island.

The Museum opens May 15 and the

Parsonage Resale Shop will probably open in April (once it warms up inside a bit). The Museum Gift Shop is open online all the time with some really cool stuff including something special for your princess or pirate and new this year, our Harry Potter themed collection (Marauder's maps, Dobby socks, Hermione's time travel necklace, wands, dragon eggs, and so much more).

Keep checking back because this will be one really exciting year. Watch for updates on our Facebook page (Kelleys Island History Museum) and on our website, www.KelleysIslandHistorical.org.

From the Mayor's Desk

continued from page 1

and will allow for a smoother transition of the new Clerk-Treasurer. Yes, a new Clerk-Treasurer. Claudia's last day will be March 31st. On April 1st we will welcome our new Clerk-Treasurer, Lisa Klonaris. "Good Luck Lisa".

Other village business: At this time, the bid packages should have gone out for the McGettigan, Memory, Fernwood and Transfer Station road projects. We hope for these to be completed by early to mid-summer.

Finally, I would like to say "Thank You" to Claudia and wish her well on her retirement. After 24 years of service. It has been a great run and we will all miss her very much. Thank You and Good Luck.

Mayor Ron Ehrbar

Junior Naturalist Registration Packet Summer 2020

What is the Junior Naturalist Program?

A Youth Conservation Leadership Club of nature enthusiasts dedicated to protecting our environment through education. Members venture outdoors together to meet scientists and conservationists, participate in research, and learn about our natural world. Their newfound knowledge and experiences are shared with the public through community programs and nature camp. Junior Naturalists become Ambassadors for Kelley Island and our natural world while having unique and amazing outdoor experiences.

What are the program requirements?

- Attend at least one event each month during the summer (3 total)
- Volunteer during at least one day of Nature Camp (dates determined by early spring)
- Attend training days (mid-June)
- Participate in a group reflection about your experience at the end of the summer
- Be an Ambassador for Kelleys Island

Who is a Junior Naturalist?

Youth age 11-18 with an interest in nature. You only need an interest, though we would welcome a world-renowned mountain climber or an expert conchologist (studies mollusks), we simply want students anxious to learn, explore, and teach about our amazing outdoors.

What do Junior Naturalists do?

During the summer, we plan at least one event but there are often more. Events include meetings at the Kelleys Island State Park, a Field Trip, and volunteering at public programs as a Kelleys Island Ambassador. Meetings include participating in citizen science projects, improving our habitats, and talking with visiting scientists. Our field trips take us all over Kelleys Island and possibly others. We visit museums, nature centers, and parks with the goal of meeting

scientists, learning and participating in research, and helping to save our environment through action and education. Finally, participation in public programming is meant to improve your skills of teaching and speaking with the public with the overall goal of getting more people interested in nature. During the summer, Kelleys Island is overrun with visitors. This is your time to shine! Junior Naturalists volunteer as our Assistant Counselors and help lead games, songs, and activities, keep our participants safe, be a positive role model, and teach about our natural world.

Why should I join?

Be a part of a like-minded, nature-enthusiastic group. Explore what nature has to offer through fun activities and trips. This is hands-on science without the homework. In addition to having fun, we sneak in some important skills:

- Career Development – learn about science and education careers
- Field Research – learn how and why scientists do what they do
- Resume Builder – for your part-time jobs and college application
- Service Learning – collect hours for school
- Leadership Skills – become a leader by gaining confidence through public teaching

What's the plan for this year?

We have been working on scheduling trips and making connections for the Junior Naturalists. So far, plan on working with a Lake Erie Water Snake researcher from OSU's Stone Laboratory, creating pollinator habitats, working with citizen scientist to monitor our habitats, tagging Monarch butterflies, working with the Kelleys Island State Park and the Kelleys Island Field Station's Assistant, and more!

Interested?

Email Jackie Taylor at jackieruthtaylor@gmail.com so she can tell you about the next steps.

And Get excited!

The Great Lakes Island Alliance (GLIA)

The Great Lakes Island Alliance (GLIA) is a newer voluntary, collaborative network that brings together island leaders, residents, and advocates from across the region. The mission of the GLIA is to encourage relationship building, foster information exchange, and leverage resources to address shared challenges and embrace opportunities

to benefit islands. The GLIA has connected remote, distant communities by increasing the membership to over 125 people from 14 island communities.

The members facilitate monthly conference calls to share information between communities, along with the annual summits. The first summit was held in 2017 on Beaver Island, Michigan,

followed by Madeline Island, Wisconsin in 2018, then on Mackinac Island, Michigan in 2019. This year the summit is going to be hosted on the Lake Erie Islands (South Bass Island, Middle Bass Island, Kelleys Island, and Pelee Island) October 4-7. The summit will bring together island leaders including: government officials, business, education, and conservation leaders, along with other island advocates to discuss the challenges and opportunities associated with island living. This network has advanced opportunities by partnering with universities, state and federal entities, nonprofits, and other organizations to receive funding to support start-up island-initiated projects such as; Monitoring Monarch on the islands of the Great Lakes, The Island Passport, Great Lakes Islands Educators Network, Great Lakes Islands Media Network, and others.

The Lake Erie Islands committee has been meeting monthly since December

planning and discussing the funding needs and logistics to host the GLIA this fall. There is a need for representatives from each of the islands to seek sponsors and donors to support the 4th Annual Summit. Jordan Killam from the Kelleys Island Chamber of Commerce and Jackie Taylor from the Kelleys Island Field Station have been members of the GLIA, participating in the summits and monthly conference calls. Tuesday, October 6th will be the Kelleys Island day where we will be hosting over 100 people from the Great Lakes to highlight our gem. They are working on local and state funding grants to support this import event, but more is needed. If you are interested in helping with this event contact Jordan or Jackie. We will be meeting in late April to discuss further details and welcome community members and all ideas! We are excited, are looking forward to this opportunity. For more information, visit glianews.com.

Science Saturdays

Science Saturdays is a partnership between Kelleys Island State Park and the Kelleys Island Field Station. This is a weekly series of events that features interactive exploration centered around a particular topic. Families and learners of all ages are invited to explore hands-on science fun during this free drop-in event. Saturdays at the State Park Pavilion from 1-3pm Memorial Day - Labor Day weekend.

Adult Nature Camp August 3-7

Experience the satisfaction that comes from meeting a goal, the growth that comes from learning to work effectively with new peers, and the support that comes from sharing experiences in nature. Whatever transitions or demands you're coping with at home or at work, these fun hands-on adventures takes you outside of your routine and into nature, encouraging you to stretch your comfort zone, hone your leadership style and reflect - all while learning skills in unique and beautiful settings that support Kelleys Islands youth programming. We will have more information posted on the school website and in our spring Newsletter.

Nature Camp

The 2020 Nature Camp Theme is "Bugs." How does a bee make honey? Where do monarchs go in the winter? Campers will explore different ecosystems to uncover these secrets through observation and experiments. The world of insects is a fascinating one, and insects impact our lives every day. Nature Camp goes far beyond the traditional classroom experience by stepping outside and getting up close and personal with the insects that surround us. We will look for different types of insects, insect identification, habitats and human-insect interactions.

Campers will be led on daily field trips to enjoy hands-on activities. The campers will explore the gardens and woods of Kelleys Island for pollinating insects and decomposers, and the pond for water bugs. We will learn about insects that spend a part of their life in the bottom mud, shoreline, and marshes of Lake Erie. We will be tracking down all manner of bugs in the woods and fields, at water's edge and in our backyards.

Chamber of Commerce: An Update

Jordan Killam, Director

Well, despite reports predicting that we'd have a frozen lake by late February, the 'Iceman Cometh' NOT. The Kelleys Island Ferry Boat Line ceased operation for scheduled maintenance on January 26 and they're slated to resume service in mid-March. However, we at the Chamber have had anything BUT a recess. In fact, it's been busier than ever. Here's what we've been working on:

Our Map. The editor of this very paper once said, "I'd rather plan 10 Island Fests than do 1 map" and the reason for this is simple - it's both a logistical nightmare and a daunting graphic design puzzle. Each year, we work with Designer Amy Heflinger, Chamber member and owner of AHA Creative in Sandusky to make this happen. First, we must ensure that all businesses that have renewed their membership are accounted for on the map. This takes a couple months, as many business owners are out of town traveling once they leave the island, not always checking email and may miss our reminders for renewal. Inevitably, each year, some businesses do not renew and we must redistribute and assign new numbers

to the businesses that have just joined our Chamber. New lodging properties sometimes require our Graphic Designer to draw in new streets.

Internally, the map is scrutinized for mistakes and accidental omissions. We go round after round making sure that everything is placed and spelled correctly and that the numbers are consecutive. When we think we've got it right, we send it out to the members so they can check our work. 100% of the time, more mistakes are found. Even multiple pairs of the most discerning eyes can't seem to spot all these errors. Even though it's a difficult task, it's simply too important for our members' visibility and for the way-finding of our island visitors to discontinue. Not to mention, it's a selling point and huge benefit of Chamber membership!

The Boat Show. Our Kelleys Island Chamber board felt it was important for us to return to the Progressive Cleveland Boat Show at the IX Center this year, so back we went! And this time, the weather even cooperated! The board coordinated and decorated our booth space with the events staff. At the

show, we greeted boaters, fishing enthusiasts, fans, and friends of the island. I prepared and delivered two presentations about family fun on Kelleys Island. On Saturday night of the Boat Show weekend, Chamber board Vice President Dan Weaver once again hosted the Annual Kelleys Island winter party at his bar, Fat Little Buddies Tavern in Olmsted Township, Ohio. The party featured Steve Brownell and was well attended by Islanders and Clevelanders who love the island! Special thanks to Danielle and George Klonaris, Fredo Policy, Brian Terry, and others who helped us make that weekend successful.

Our Website. Since late last year, we've been working with Thrive Internet Marketing, a digital agency based in Perrysburg, Ohio, on our new website. Though we expected to launch in late January, we encountered some challenges with respect to the transfer of existing content on our site and also the development aspects of the new site. I made an executive decision for Thrive to take the time necessary to make things absolutely right before we decided to launch. By

the time you read this, KelleysIslandChamber.Com will have already launched with many upgrades in design and function, including but not limited to:

- New and improved member business/organization/events pages
- Lodging search with filtering so visitors can search for attributes they want in a vacation home
- More updated written, shareable content about the island (members may have noticed that reached out to inquire further about their businesses to construct material for this area of our site in the beginning of 2020)
- Beautiful images and video prominently displayed
- Online forms for easy event sign-up and donation

We have spent many hours perfecting the taxonomy and user experience of this new site. I have been with Thrive every step of the way to help guide them through the design and build so they will be able to make the perfect site for our audience. We hope you enjoy the fruits of our labor to find an efficient, gorgeous, and not to mention SECURE new site!

Planning 2020 Events. It started with the task of designing and populating the calendar brochure, designed by Chamber member and Graphic Designer Lara Bischoff, owner of Lake Erie Creative in Marblehead. This requires us to collect dates from our members for 60+ events, some of which change due to proximity to other events, holidays occurring on inopportune weekends, etc. Then, it progressed with collecting descriptions for those 60+ events happening this year which were posted on KelleysIslandChamber.com/events, Facebook events, Ohio.org, and in other outlets like Lake Erie Living, Lake Erie Shores & Islands (LESI), to name a few. Special thanks to the members who took the time to write descriptions of their own events, as it really helps save us time each year - Sharon Devine of Kelleys Island EMS, Gennifer Gamble of Peeper's, and Leslie Korenko of the Kelleys Island Historical Association were MVPs in this area for 2020!

After that, in February, we began to solicit sponsorships for the 5 & 10K Run/Walk as well as begin to coordinate the race. We also preparing to send out mailers for Film Fest sponsorships and Island Fest Fireworks donations. We ordered tickets for the 50/50 Raffle and Lottery Tree. We designed and are ready to order our Island Fest 2020 t-shirts and began planning for the programs that will occur at Island Fest. We reviewed all incoming vendor applications, selected who will have space in Memorial Park for Island Fest, and hired live entertainment. And the fun is only beginning - there's still so much left to do before the summer!

Luckily, we're getting a bit of extra help this year to enhance our events. Back in October, we applied to a few sponsorship grants offered through LESI and I'm happy to announce we were awarded:

- \$1,700 for the 5 & 10K Run/Walk
- \$1,150 for KI's Got Talent
- \$1,850 for Island Fest

However, the receipt of these funds is entirely contingent upon our adherence to a few rules, including:

- The Chamber's event must show acknowledgement that LESI was a sponsor or supporter of the event. Inclusion of the LESI logo must have appeared on event material (ads, flyers, social posts, posters,

emails, website, banners, etc.). Logo must have been on the event's website with a link to www.shoresandislands.com. The Chamber must submit actual proof of all placements.

- The Chamber needs to submit a post-event report, which must be submitted within 45 days of the conclusion of the event. Key elements of the post-event report include media support material, summary of positives and negatives of the event, plans for the future, data for actual room nights generated as a direct impact of the event, and total number in attendance. A complete economic impact study is requested, which we will try to complete supply as best as we can, as we've never done this before!

We are asking all our on-island

member businesses (lodging, shopping, food & drink alike) to pay close attention to their profits during these event weekends. This way, we see if our events are truly having a positive effect on our local economy. Thank you for your help with this!

Shout-out to Crooked Tree Vineyard

Though some on the island appreciate a hermit-like kind of existence during the winter, others feel it's important to meet and socialize. Though Kelleys Island offers art class, exercise class, book club, potlucks, and dinners at the VFW, Crooked Tree Vineyard's Janet and Steve Wermuth saw an opportunity for more fun during the off-season! They instituted a Tuesday night gathering from 5-8pm in their

tasting room, located at 715 E. Lakeshore Drive, offering their locally made wine and snacks! It was brought to my attention that folks started showing up before the event even began so they could be guaranteed a seat because it filled up so fast. I'd like to thank Janet and Steve for taking the initiative to add a little something more to our islanders' lives this winter. We hope you'll continue the tradition into the spring!

Leap Day Celebration and St. Patrick's Day at the Pump

We hope that you had fun on the island for the first-ever Leap Day Celebration, which took place on Saturday, February 29 at the Village Pump! For St. Patrick's Day the Village Pump will provide a raucous

Irish fete, complete with corned beef sandwiches on rye bread or bagels and of course, green beer! Islanders were grateful that they opened earlier than ever this year for these momentous occasions!

April Events Not to be Missed

Early Bird - April 4 at the Village Pump

Spring Wine Fling - April 18 at the KI Wine Co.

Bio Blitz for Earth Day - April 19 (Island-wide)

Springtime Allergies: Nip them in the bud

If you're one of the millions of people who have springtime allergies, it also means sneezing, congestion, runny nose and other bothersome symptoms. Springtime allergies - also called hay fever and allergic rhinitis - can make you miserable. Try these simple strategies to keep springtime allergies under control.

- Stay indoors on dry windy days-the best time to go outside is after a good rain, which helps clear pollen from the air.
- If high pollen counts are forecasted, start taking allergy medications before your symptoms start.
- Avoid outdoor activities in the early morning when pollen counts are highest.
- Use the air conditioning in your house and car.
- Keep indoor air dry with a dehumidifier.

started a new business venture this year! Set to open in May 2020, the Monarch Butterfly Box & Caterpillar Cafe will feature an 1800 square foot “walk through” greenhouse. For a small fee, patrons will be able to wander through the exhibit featuring butterflies, local plants, flowers, and a functioning aquaponics setup. This exhibit will also feature educational information about the butterflies and native wildlife of our area in a fun, interactive experience. The cafe will be stocked with food that’s easy to carry out or scarf down in a pinch! The Monarch Butterfly Box & Caterpillar Cafe will be located at 604 Division Street, formerly the Sweet Valley Trading Post. We are so excited for this - it’s a great new destination for families! Business website and social media accounts are forthcoming. Stay tuned for more information.

General Housekeeping

Our next general Chamber meeting will take place on Saturday, April 25 at 11:00 a.m. Meetings take place at the Kelleys Island School and anyone is welcome to attend!

2020 General Meeting Dates:

- Saturday, April 25 - 11 a.m.
- Wednesday, May 13 - 4 p.m.
- Wednesday, June 10 - 4 p.m.
- Wednesday, July 8 - 4 p.m.
- Wednesday, August 12 - 4 p.m.
- Wednesday, September 9 - 4 p.m.
- Saturday, October 10 - 11 a.m.

If you are interested in volunteering at our 5 & 10K Run/Walk on Sunday, June 7, please feel free to email us at info@kelleysislandchamber.com.

Interested in sponsoring any of our events? If so, please visit KelleysIslandChamber.com/Donate, find the event you wish to sponsor, and fill out the PayPal form. Major credit cards are accepted.

Finally, we’re happy to announce that our friendly Office Assistant, Jeffrey Delamater, will be returning for a third season beginning Memorial Day weekend! The Chamber office will officially reopen on Friday, May 1 at 10am. We hope to see you soon!

Bring Some, Take Some: Seed Library at the KI Library

Barbara Christy

The Kelleys Island Library is now host to a seed library. What is a seed library? A place where gardeners (flower or vegetable) can bring their extra seeds and/or browse for seeds already there that they may be interested in taking.

How does it work? First, you don't need a library card and you don't need to check seeds in or out. Just browse thru the collection and take seeds you

would like to plant. If you have seeds to donate, please label them, at a minimum, with the name of the plant, when and how deep to plant, how big it will grow and what type of sun it needs. Add any additional information that may be necessary – such as the seeds will need to be soaked overnight before planting or the plants will need to be staked or trellised. Heritage plant seeds are especially welcomed as are seeds that are difficult to find.

The seed library can be found in a wooden box near the far wall of the library. To help seed patrons, there are envelopes for putting seed donations in. We have marked the envelopes with requested information for gardens but if you don't have all the requested details, just put down what you know and we will be grateful for your contribution. Seeds that have already been donated are in envelopes, filed in alphabetical order by

common name. If there are more seeds in the envelope than you want, just put the extra seeds in a new envelope and transfer the planting information. If you have seeds to bring, there are small plastic (pill) bottles to put your seeds in.

We have also started a notebook with some information about the plants to be grown. The seed library will be open the same times at the book library. Enjoy!

OBITUARIES

James ("Jim") Terrence Murray

Murray. James ("Jim") Terrence Murray, 80, passed away peacefully at his home in the Old Homestead neighborhood of Huron, Ohio. Groff Funeral

Homes & Crematory assisted the family with arrangements.

Jim was born into a loving family in Sandusky, Ohio. He was raised along with his seven siblings in a large Irish Catholic family at 124 East Madison Street. He graduated from Sandusky High School in 1957. Jim

attended Boston College, where he was the president of his class, and received his degree in 1961 with honors in Economics in the Business School.

In 1965, Jim graduated from Case Western Reserve Law School as a member of the law review and was admitted to the Ohio Bar Association with his brothers Tom and Pat the same year. He was a successful trial attorney and senior partner at the Murray & Murray law firm. He argued before the Ohio Supreme Court and United States Supreme Court and won many trials on his clients' behalf. According to the Ohio Law publica-

tion, he secured the largest personal injury plaintiffs' verdicts in the State of Ohio in both 1989 and 1991.

Jim met the love of his life, Shirley Ann Kay (Knowles) of England, while she was based in Chicago working for Pan American Airlines in 1969. Shirley and Jim were happily married for over 42 years and enjoyed traveling, boating and skiing together.

Jim is survived by his sons James W. (Anna Marie) and Mark (Tammy) of California, his grandchildren Thomas, Paul, Cameron, Caitlin, and Naomi; as well as his siblings, Thomas Jr. (Ann), Maureen (Michael) Gergely of Michigan, Mary (Ronald)

Bosrock of Minnesota, and John (Susan); and numerous nieces, nephews and other relatives.

James T. Murray was preceded in death by his wife Shirley, parents Thomas James Murray, Sr., Margaret Cummings Murray, and his brothers Robert, Patrick and Joseph.

Memorial contributions can be donated to Stein Hospice, Saint Peters of Huron, and Legal Aid of Western Ohio.

Condolences may be shared online at www.grofffuneralhomes.com.

To plant a beautiful memorial tree in memory of James T. Murray, please visit our Tribute Store.

Howard "Bill" Koenigseker

Howard "Bill" William Koenigseker, 81, passed away peacefully, surrounded by his family on February 18, 2020 at the Lakes of Monclova. He was born September 22, 1938 to Howard C. and Vyril (Blatt) Koenigseker in Toledo, Ohio. Bill was a graduate of Maumee High School

and the University of Toledo, College of Engineering, where he was in the Army ROTC. Bill honorably served his country with a 25 year career in the Army Corp of Engineers, including deployments in Korea and Vietnam, and retired as a Lieutenant Colonel. After retirement he was a Councilman with the Kelleys Island Village Council, and served with the Volunteer Fire Department, the Volunteer EMS, and the Volunteer Police Department.

He worked diligently to make Kelleys Island a family friendly destination.

Bill was preceded in death by his wife, Christine Marie Koenigseker. He is survived by his daughter, Cynthia (Raymond) Wagner; son, Jeffrey Koenigseker; and step-son Mark Kryziak; grandchildren, Jeffrey (Amanda) Koenigseker, Christina (Zachary) Hartman, and Hannah Twining; great granddaughter, Amelia Harman; sister, Sandra (John) Stare;

and brother, Phil (Sharon) Koenigseker.

Family and friends were invited to visit on Saturday, February 29, 2020 at Ansberg-West Funeral Home, 3000 Sylvania Avenue, where funeral services commenced at 12:00 p.m. with Andrew Rechtenwald officiating. Memorial contributions may be made to Hospice of Northwest Ohio. Condolences for the family may be expressed online at www.ansberg-west.com.

Kelleys Island Pollinators & Partnerships

In the summer of 2018, the Kelleys Island Pollinators & Partnerships was started as a "grass roots" network between the Kelleys Island State Park and the Kelleys Island School and Field Station. We knew what we were trying to accomplish in enhancing habitat for pollinators, but weren't sure how to get there. We reached out to several experts for advice on the proper methods for preparing the soil and planting the seed. Then with much research we nailed down a plant list of native plants to Kelleys Island, and had a plan that would take three years to show any results.

The plan kicked off in October 2018, when mowing began on the State Park properties totaling around 17 acres, and a demonstration plot of around .15 acres was planted at the Kelleys Island School. This plot was developed at an accelerated rate with the same plant species used in the larger areas and managed in the same fashion as the other acreage within the park. In June 2019 non-native plant species were removed by the use of appropriate methods; this was repeated in July and August as needed. Doing this greatly increases the survival of native species by removing the competition. This spring (2020) specific grasses and wildflowers will be planted for germination, with the assistance from Pheasants Forever and the Division of

Wildlife. If all goes as planned, we will have nearly 17 acres of pollinator habitat established by the summer, and in 2021 three more acres will be planted (see map for detailed areas).

We have had donations, advice, and a great amount of motivation which has allowed this project to be a success. But fortunately, we are only getting started! The seed that will get planted this spring came from a variety of funding sources, but mostly from the local community on Kelleys Island. \$17,000 came from local donations, \$3,000 from Ohio Ornithological Society, and \$1,200 from Pollinator Partnerships. The support has exceeded our expectations, and we are excited to be able to successfully move forward with this project! Our future plan is to incorporate interpretative trails into two of the properties that will connect with already existing State Park trails. One of the habitats will have an area to park with signage explaining the project and partners (see map for detailed areas).

The research and education opportunities are ongoing and exciting. We will start implementing our own research needs by partnering with schools, universities, state, and federal organizations to better understand the conservation status and the wildlife diversity of these habitats. We have partnered with

citizen science organizations to help monitor these habitats. This is an efficient way of collecting and comparing data. These projects will let all of us contribute directly to the science of animal conservation on Kelleys Island.

This project has already been nationally recognized by Pollinator and Partnerships for the valuable contributions made to the Monarch Wings Across the Eastern Broadleaf Forest Program. With our participation, over 20 acres on Kelleys Island were registered as long-term secured habitat to support the conservation of the Eastern migratory monarch population. Pollinator Partnership's is a non-profit organization that promotes the health of pollinators critical to food and ecosystems, through conservation, education, and research.

In December 2019, the Kelleys Island Village Council approved Kelleys Island as a Monarch City USA. Monarch City USA is a national organization that recognized our efforts and commitment to the environment through promoting civic pride and improvement by directly helping the monarch butterfly population recover by encouraging and planting milkweed and nectar plants within our boundaries. Both the Village of Kelleys Island and the Kelleys Island School purchased

signs that will get posted in the village and at the school recognizing these efforts!

We have created lessons based on the Ohio Department of Education, STEM, and NEXT Generation learning standards for our local school kids, residents, our Nature Camps, and other educational programs for more hands-on learning. The Kelleys Island Field Station and School is working with the Ohio Division of Wildlife to be a State Certified WILD School Site. WILD School Sites are considered an action extension of Project WILD and can involve any school property used by students, teachers, and the community as a place to learn about and benefit from wildlife and the environment. These sites function within the premise that every school, regardless of size and location, can provide outdoor educational opportunities that can and should be part of any integrated education program.

We cannot thank all of our partners, sponsors, and donors enough for the amount of support this project has received. At this crucial point in our island's natural history, your participation in this revolutionary program will help our pollinator habitats flourish on Kelleys Island. We will continue to keep updating you on the progress we make!

Purchase Your Ohio Fishing License Now

March 1 is the traditional start of Ohio's fishing license year. However, new license options give those who enjoy the outdoors more choices than ever before. If your hunting or fishing license has expired, you can purchase a new one online at wildohio.gov. Ohio's resident fishing licenses

are \$25 and are valid for one year from the date of purchase. An Ohio fishing license can be purchased up to 30 days prior to its expiration date. After an online purchase, including by smartphone, anyone with an online account can obtain a free reprint of a license or permit (this

option is not available at agents). Customers now have the option of choosing automatic license renewal when purchasing online.

Historical Society Kicks Off Membership Drive

Catawba Island, Ohio, February 10, 2020 – Catawba Island Historical Society sends Valentine invitation for new and renewing memberships.

The 2020 membership campaign for new and renewed membership in the Catawba Island Historical Society has begun.

Annual membership dues are a major source of funding to operate the Society's Catawba Museum at Union Chapel and sponsor its biannual Cultural Speakers Program.

"With solid support of the membership effort we will carry out some exciting new plans in 2020," noted Craig Koerpel, President of the Society. "Museum exhibits about Catawba's era of grand hotels and about some of the Island's early pioneer families are being prepared. We will also be launching a Genealogy and Resource Library as we organize documents and photographs we have begun collecting".

The museum is located in the iconic 1888 Union Chapel on E. Porter Street at the north end of Catawba Island. It began its annual May to October operation in 2018. A year earlier, however, the Historical Society started a series of speakers about historical subjects. Examples have ranged from the lives and customs of local Native Americans... to this area's response to Prohibition... to the geology of Lake Erie's Western Basin. A speaker is planned for Wednesday, June 3, 2020 with the topic to be announced in the spring.

"Era of Catawba's Grand Hotels" display coming to Union Chapel Museum of Catawba Island Historical

Koerpel explained that admission to both the Union Chapel Museum and Cultural Lectures is free because the Historical Society does not believe a financial barrier should exist between people and their past. He said, "We reached a target of 250 members in 2019. If we can meet or exceed that again in 2020, we can continue fulfilling our mission to protect and preserve the heritage of Catawba Island."

Historical Society 2020 Membership Campaign Begins

Two levels of annual Historical Society membership are available; the Historian at \$25 and the Curator at \$100 per year. A lifetime subscription to the Society's Council of Nabagon is also available for a one time investment of \$1000. More information can be obtained by calling the 419-967-5363 or on the web at www.catawbaislandhistoricalsociety.com.

The Museum will reopen for the

2020 season on Saturday May 16. It operates from 10:00 a.m. to 4:00 p.m. on Monday, Wednesday and Thursday, and the 2nd and 4th Saturday of each month until mid-October.

Lake Erie Fish Ohio Report Updated: Feb. 24, 2020

- A Lake Erie fishing permit is required for nonresidents from January 1 to April 30, 2020 when fishing Lake Erie and areas immediately upstream in creeks, rivers, and tributaries.

- The daily bag limit for walleye in Ohio waters of Lake Erie is 6 fish per angler. The minimum size limit for walleye is 15 inches.

- The daily bag limit for yellow perch is 30 fish per angler in all Ohio waters of Lake Erie.

- The trout and salmon daily bag limit is 2 fish (singly or in combination) per angler. The minimum size limit is 12 inches.

- Black bass (largemouth and smallmouth bass): The daily bag limit is 5 fish (singly or in combination) per angler with a 14-inch minimum size limit.

- Update: Effective March 1st, 2020 the spring bag limit for walleye will remain at 6 fish, with the exception of Sandusky Bay and the Sandusky River, which will remain at 4 fish March 1st through April 30th.

- Update: Effective January 1, 2020, it is legal to use three rods per angler in the Lake Erie Sportfishing District.

Western Basin Walleye

Where: Fishing has been more difficult in recent weeks, though limits are still being reported. The most popular launches have been Mazurik, Huron, and Lorain. Anglers consistently have been finding marks Southwest and North of Kelleys Island, and towards Cranberry Creek east of Huron. Anglers are advised to use extreme caution with cold water temperatures, and to use lifejackets or float coats at all times.

How: Trolling deep diving crankbaits and stick baits has been the most popular technique at speeds 1.0 to 1.5 mph. Anglers have been experimenting with lures 50-150 feet back without any additional weight, or 20-40 feet back to a 2 oz. weight, and another 20-40 feet back to the lure. Natural colors have been best.

The Lake Erie water temperature off Toledo is 33 degrees, off Cleveland 35 degrees, and off Erie 34 degrees.

Anglers are encouraged to always wear a U.S. Coast Guard-approved personal flotation device while on the water.
