WELCOME, WELCOME BACK! HAPPY HOLIDAY, HI!

The calendar says that Spring is here, but with the cold breezes, rough water, and low temperatures, it's very hard to think so.

We are seeing robins, red-winged blackbirds, starlings, and even red-headed woodpeckers. The deer and rabbits are eating the tulips and crocuses and spring flowers before they are an inch above the ground. Before they can get a good start the second time around, they are eaten off again. We wonder if we will ever see a blossom.

A new creature has ventured across the ice during the winter months to haunt us: "Coyotes." Many of us have heard them howl through the night and others have seen them. We hope the state Wildlife Division will help get rid of them.

We did have a mild winter with a few very cold days. Now we are paying for the nice days we had.

We hope you've had a healthy and happy winter. See you around.

"Sis" McKillips

MUSEUM FUND RAISER: We hate to sound like an old broken record, but it seems that, once again, we are finger-tips away from sufficient funds to begin building. Prices and materials, along with E.P.A. demands, are, so far, out of reach.

We hope you will bear with us and help us get closer to reality. WE do thank all of those who have so generously given and are still giving.

The Annual Fund Raiser will be a German Dinner held in the Town Hall, Saturday, June 17. Watch for tickets in May with prices and time. If someone approaches you asking for help or to sell tickets, please say "yes."

ANNUAL PLANT SALE. Julie has once again done a great job, handicapped or not, setting up the schedule for the Plant Sale, to be held Saturday, May 13, 10:00

A.M. 'till noon. It has been set up earlier so that you can get plants for Mother's Day as well as the holiday.

Please note the plant sheets enclosed in this letter to be sent out to Julie by May 1st.

MEETING AND PROGRAM SCHEDULE, 1995. All meetings will be held at the Old Stone Church on Division Street, unless otherwise notified:

Our challenge now is to build a new haul shed to replace the one that once stood near "THE OLD STONE CHURCH" that was used to house the horses and buggies while parishoners attended services. This will be our new museum.

To provide a museum which we can collect, restore and display items pertinent to our history.
To help educate people about Kelleys Island Heritage.
To incorporate meeting space for Island activities.
