Tickets can be bought from Island Businesses. You will receive a \$5.00 gift certificate to use at the food serving establishment of your choice. In the Town Park (weather permitting) 5:30 PM.
- June 23 & 24 - Antique Classic Fly In  
June 23 - Tour of Homes  
June 23 - VFW Chicken Dinner
- (details of JUNE events in next issue)

From the desk of CORADINE.....

Another Easter has come & gone & as usual, the members of Zion's church were so very generous in their floral offerings & the altar was just like a garden! And the local children & visitors so kindly volunteered their services to sing for us at both the Sun-rise & regular service. The girls were so adorable! Thanks to all of you.

Marge & Al Rumel just arrived back on the Island today, April 18th, & the first thing they did was to call us to relay the news that Bill Finger's wife, Mary Alice, had passed away. We were so shocked & surprised, because altho we knew that she was a very sick lady, Bill himself had been in a bad way, with one heart attack after another that left him in a very discouraged state! We are very concerned, at the moment, as to what effect Mary Alice's death will have on Bill.

The weather is always a topic of conversation & so nothing new, but I can't resist to mention what a very, very unusual winter we were exposed to this year! Rain storms (almost like a hurricane) snow storms (like a blizzard) & ice storms that left all trees & shrubs coated with ice! And we had those storms one after the other & they really left a trail of havoc, as all summer residents will learn to their sorrow when they see the broken limbs, & etc. on their lawns!

Before I ever had a chance to send a "Get Well" card to Coke (as we call Lillian Kokas) when I heard, belatedly, that she was in the hospital, there she was at the Post Office this morning, all hale & hearty! Boy! Kelleys Island people surely have a lot of "get up & go!"

Ronnie has several T shirts that have "Marine Grill - Kelleys Island" on them & they bring back such nostalgic memories for us of the time when the Port Hole was just a simple white building set back from the street with a picture window all across the front. Inside were simple square pedestal tables & matching chairs, & one

long counter, all so BRIGHT & CLEAN & AIRY!  
Not DARK, & DINGY & thick with liquor & smok-  
ing odors! We do miss not having just one  
little place like that on the Island anymore!

During "Girl Scout Week" the Girl Scouts  
here on the Island, Amber & Allison Goodson,  
Jaime & Diane Coffman, Holly St. Julian &  
Lindsay Joyce, under the leadership of Meg  
Goodson came to church that Sunday, & gave us a  
program of songs & sayings! Thanks much, girls!

Was thinking of Martha & Joe Onders the  
other day & how they lost 3 of their close neigh-  
bors one after the other, first Jim Terwilliger  
died, then Hank Knapp, then the Jim Seeholzers  
moved to their new home on the lake shore! It  
reminded me that we had the same thing happen  
to us when we moved here permanently in June of  
1975. Bill Kelley was our neighbor to the west  
& he died before we even moved up here. Then a  
year later, Irma Conkle, our neighbor to the  
east, died & our neighbor across the road, Liz  
Martin became ill & had to be taken to the hos-  
pital & never made it back home. So - 3 in a  
row for us too!

When our daughter-in-law, Judy, called to  
tell us we were great-grandparents for the 2nd  
time in January, she forgot to mention the  
baby's name & Lee didn't think to ask. Our son,  
Bill, Judy's husband called a few days later &  
Lee remembered to ask for the name. Bill told  
him - "Amanda (pause) Lynn" - & as Lee repeated  
it, Bill told him to say it again - fast - & it  
came out, "A Mandolin." And Lee laughed & said  
"Hope there were no strings attached!"

Every year, when Washington's birthday -  
Feb. 22nd - rolls around, it always brings to  
mind what our favorite aunt used to tell us.  
Her birthday was Feb. 21st & as she was growing  
up, she never could understand why George Wash-  
ington was older than she was, if she was born  
the day before he was! I still get such a kick  
out of that!

I had to buy a copy of Put-in-Bay Gazette  
& read Laurie James's column to find out that  
our neighbors down the road - Nora & Toby Zett-  
ler had become grandparents again in March - a

"Things don't make sense. You go to school & learn to express yourself, then you get married & learn to keep quiet." by Larry Hagman.

\*\*\*\*\*

John & Virginia Neuman are announcing the engagement of their daughter, Carolynne, to Dante Zettler of Cambridge, Mass.

The bride-elect is attending Ohio State University & is employed by the Riverside Methodist Hospital in Columbus.

Her fiance is the son of Toby & Nora Zettler of Lakewood, Ohio. He is a graduate of Ohio State University & the Massachusetts Institute of Technology. He is employed by MIT.

The couple plan to marry Aug. 25 on Kelleys Island.

NEUMAN - ZETTLER

Charles & Noreen Walck of Dumont, N.J. would like to announce the engagement of their daughter, Nancy to Petty Officer, Walter C. Krzynowek.

The Coastguardsman is the son of Walter & Carole Krzynowek of Cleveland, Ohio. He is currently serving aboard the cutter, "Dallas" out of Governor's Island, N.Y.

Their wedding is planned for Sept. 29 & will be performed on Long Beach Island, New Jersey.

WALCK - KRZYNOWEK

Shore Thing.....by Carole Krzynowek

West Bay is under new management. Mary & Kyle are working day & night in hopes of opening this week-end (May 11th). Best wishes that you both make it through the season, running Crafts, West Bay & Kamp Kellile. On the other hand, if you do dwindle down to skeletal selfs, you can still be hired out for hauntings on Halloween.

Speaking of West Bay....what are the Yatsons doing with themselves these days....you ask? They are staying home this summer! "A first for us," says Cathy. "And I've joined a golf league. It has been 17 years since I have been able to do that." Steve is continueing on their house that he has built from scratch, his present project being an outside deck. They are planning a winter vacation to Australia. Both wish to extend a big "Hi" to everyone.

Jack Schock's funeral will be May 12th on the Island.

NEW! Plumbing & electrical supply warehouse on K.I. See Gary Fingers or call at the Pump to order parts.

This will be Pat & Jay's 30th year in business on the Island.

Popeye's has a few gift items for Mother's Day. Stop in & see their NEW Art Gallery in the back.

Check Southwinds for a wide variety of gift items for that Special Mom on her day.

Don't forget to save your "unwanteds" for the Island-wide Lawn Sale on Sept. 22nd.

Every hour we throw away 2.5 million plastic bottles, each of which may take over 100 years to decompose.

Styrofoam never decomposes. (And, the process of making it releases ozone destroying chlorofluorocarbons into the atmosphere.)

The Original Beach Boys by Jessie A. Martin.....

Charles Carpenter

Charles Carpenter arrived on Kelleys Island in 1843, coming from down state. He was a relative of the Huntingtons who had come to the island from Norwich, Connecticut.

Soon after his arrival, he began courting Miss Caroline Kelley, daughter of Datus Kelley. Datus was building a lovely home on the corner of Division Street & Water Street overlooking Lake Erie. No doubt, to be of help, as well as to earn a few points with a prospective father-in-law, Carpenter assisted in constructing the house. It was finished in the spring of 1844. On November 7th of that year, Charles Carpenter married Caroline. It was not only the first marriage to be celebrated in the new house, but also the first one of record to be held on the island. In comparison to the new house, the home of the bride & groom was a small log house on the southwest shore. This building later became a wine cellar.

Mr. Carpenter proved to be one of the greatest human assets to arrive on the island. In 1846, he planted the first acre of grape land, & in 1851, built the first wine cellar, the first to be built north of Cincinnati as well as the first on the island. This was the beginning of an industry that kept islanders busy for many years.

When the Kelleys Island Wine Company formed, Mr. Carpenter permitted the holders to rent his wine cellar for five years as temporary headquarters for making & storing wine until another facility could be built. He also leased his dock to the company.

In 1848, the Carpenters purchased Horace Kelley's property & hired help, including Andrew Cameron who became one of the early settlers, to clear the land. (Andrew's salary was \$8.00 a month plus board) On this land Mr. Carpenter owned & operated his own quarry.

In addition to growing grapes, making wine,

& quarrying, he was also interested in the fishing industry. He was the "man in charge" of a fish hatchery which the Ohio State Fish Commission established on Kelleys Island in 1877 for the propagation of black bass & white fish.

Charles Carpenter was interested not only in business & industry but also in intellectual pursuits. He was instrumental in forming a Literary Society & served as a committee member to draft a constitution for the organization. He also assisted Mr. F.R. Elliott in organizing the fruit & floral department of the first Ohio State Fair which was held at the time in Cincinnati.

As you can see, Charles Carpenter deserves recognition as one of our earliest Beach Boys as well as one of the most ingenious early settlers to come to Kelleys Island.

Legislation from February 15th Meeting.....

Motion passed for Village to purchase Dwelle property. Special meeting to be held regarding passage of Ordinance & to determine financing of same.

Motion to declare Ordinance 524 (Appointment of Solicitor) an emergency, set aside rules & advance to its third & final reading passed.

Appointment of Maurice Lee McDermond Jr. as Village Solicitor passed.

Motion to declare Ordinance 204 (5.0 Mill Road Construction Tax Levy) an emergency, set aside rules & advance to its third & final reading passed. Mayor stated there is no money for road construction or maintenance. (lost all the revenues due to the levy not passing last Nov.) The levy will appear on the upcoming May ballot.

Motion (1.7 Mill Police Protection Levy) failed although Chief Moore was told he'd have Council's support in meeting recommendations made by the Finance Committee with regard to vehicles, communications, equipment & part-time wages.

Motion (Enterprize Zone) declared passed to table said Resolution.

First reading done on proposed Ordinance for amendment to Zoning Ordinance #303. Public hearing prior to regular Council meeting on April 12th.

Committee Reports\*\*\*\*\*

Finance - Short meeting was held. Discussed & recommended budgeting needs of the Police Dept.

Streets/Sidewalks - Road problems have not been bad due to mild winter. Brush, ditches & emergency road repair will keep crews relatively busy.

Lands/Buildings - Village should have tree clearing project at the airport. Procedure to cut firewood will be posted at the Post Office. Village Solicitor is preparing a waiver for anyone wishing to participate in it. Shingles have blown off the Town Hall roof.

Administration/Public Safety - Requesting list of the certified EMTs..

Treasurer - Detained on mainland due to bad weather. Report given to Council.

Police Department - No arrests, 3 minor medical runs & (during regular patrols made) noticed that heavy winds blew doors open & windows out at various dwellings. The Town Hall was thrashed & a small fire started with paper, lights were left on again. A new EMT class starts Mar. 1 - 10 have signed up thus far. Its a 120 hr. class - all the new techniques - held in the Municipal Bldg. - for 18 yr. olds or older - must be a high school graduate. The EMTs from first class can attend. Six of them currently meet every Tues. night for review. An EMT cannot be sued as long as they are certified & do not go beyond the scope of their training. The Chief also reported that the Ambulance medical supplies need updating (cost approximately \$300 to \$400). Motion to update them was passed.

No reports from Planning Commission, Landfill nor B.P.A. Committees.

New Business\*\*\*\*\*

Mayor gave Administration/Public Safety Committee information regarding Emergency Management & information regarding how to apply for GTE extended area phone service.

Motion passed granting the Chamber of Commerce permission to host an Antique Classic Fly-In at the K.I. Municipal Airport on Sat. & Sun., June 23rd & 24th, 1990.

THANKS to Mayor McCullagh,  
Megan Joyce, their helpers  
& Donators!

 PORT HOLE - Roast Pork with Dressing  
 Mothers get free dessert with Dinner  
 \*\*\*\*\*

February Legislation con't.....

Motion passed to table approval of a grant contract from Ohio Department of Transportation. Plans to have Alex MacNicol, Director of Erie County Department of Planning & Developement, appear at next Council meeting to explain what the grant will contribute to our long-range comprehensive plan.

Motion passed to table approval of increasing use fees at Pavilion & Town Hall. Suggestion that Lands/Buildings Committee should make a recommendation based on the cost of liability to the Village.

Citizens Participation\*\*\*\*\*

Asked how Council plans to support our Police Department needs - answer that Council will work with our Police Chief & the requested needs of the Department - the failing of the 1.7 mill Police Protection Levy in no way reflects anything against the Chief of Police, its just a matter of economics - the new 5.0 Mill Levy being placed on the May ballot will be based on the re-evaluation of the property, therefore producing more money, & by prudent cost cutting, hope to make up the difference for the Police Dept.'s needs & that Council is going to work with moneys from things they cut back on - citizen reported beer cans strewn all over the Island - Mayor said there will be a \$500.00 fine for anyone littering - Chief Moore said to contact him & citizen reporting will be kept anonymous.

Motion passed to pay Ordinance No. 845.

\*\*\*\*\*

CORADINE con't....

baby girl for son, Kurt & daughter-in-law, Robbie! Much happiness to both families.

You can't go for a ride around the Island without your camera, as you'll never know what you might see! For instance, yesterday we headed west along the lake shore, after seeing our son, Bob, his wife, Mary & son, Jeremy off on the ferry after a 4 day retreat for the Youth Group of their church in Mattison, Ill. & as we rounded a curve near Carpenter's Point, two Canadian geese with 6 baby geese waddling along between were walking along the lawn on the edge of the lake. You can imagine how much we regretted not having our camera with us!

I am sure most of us are prone to worry at some time or another, & so most of you will appreciate my "sign-off" verse.

"Worry is like a rocking chair,  
It gives you something to do  
But doesn't get you anywhere!"

Till next time,

\*\*\*\*\*

While you're doing your bit to save the earth, others are doing their best to make a quick buck out of environmental bad news. Increase in scams involving bogus energy-saving furnace attachments, phony water treatment tests & etc. For a free copy on how to protect yourself against scams & what to do if you suspect there really is a health hazard in your home, send a post card to:

Home is Where th Health Hazard is (D13749)  
AARP Fulfillment (EE104)  
1909 K St. NW  
Washington, D.C. 20049  
Allow 6 to 8 weeks for delivery

Special February 19th Council Meeting Notes.....

Ordinance No. 525 - Village to purchase Dwelle Property. Motion passed to declare an emergency, set aside rules & advance same to its third & final reading. Cost: \$50,000 plus closing fee.

Conditional Zoning Use Permit for the Monarch Winery. Motion passed for Dan Ahner's plan for Conditional use in R-1 zone to concur with Planning Commission decision to approve the Conditional Zoning use.

Landfil Rates - There will be a meeting with BFI to work on a plan to cut cost & update the type of transfer operation. Landfill Rates will remain the same, except pickup truck rates (from \$16.00) will be \$18.00 per load. Bills to be prepared & sent with a letter.

\*\*\*\*\*

## Kudos For Kelleys!

In October, 1989, the Kelleys Island School underwent school evaluation conducted by the state of Ohio. James Hopper, a representative of the Ohio Department of Education, carried out the evaluation which was an examination of how well the school meets the standards that have been set at the state level. Those standards reflect requirements for educational programs and for the educational resources available for implementing the programs. The inspection included a thorough look at the curriculum, an interview with each teacher and administrator to determine their understanding of required programs, and an examination of recordkeeping procedures.

In all areas, the evaluation went smoothly. The report issued by the Ohio Department of Education was complimentary in every category. It concluded that the Kelleys Island staff should be commended for "providing an outstanding educational program".

Legislation from March 8th Council Meeting...

Committee Reports\*\*\*\*\*

Finance - Met & went over the appropriations.

Streets/Sidewalks - Problems with ditches & culverts have to be taken care of.

Lands/Buildings - Motion granted to Sandy Trainer for permission to organize a school girls drill team & the use of the Town Hall for practice on Tues. & Thurs., 4 to 5 PM. For airport signs, consult committee.

Administration/Public Safety - EMT schedule to be made.

Treasurer - Total expenditures \$22,957.38, total receipts \$29,870.32, total in checking account \$210,814.88.

Police Department - 4 Complaints & found some storm damage during daily patrols. There are 12 new EMTs bringing total to 18. Chief Moore stated he has completed his EMT refresher course & informed Council he will be on vacation the latter part of March.

Planning Commission - Enter into records the following land splits that have met all the contingencies required: Caroline DeBoard, Bud Yoscovits, Abner & Fresch, Tony Discenza, Ramey Dick, Dick & Fresch, Nadine Elfers, Gary Finger, Jim Seeholzer. Awaiting guidelines from the Erie County Dept. of Planning & Development regarding sub-division rules for the Village so an ordinance could be drafted for Council to pass as sub-division rules are needed as soon as possible.

Landfill - Fees will remain the same for 1990. Meeting with BFI is in the near future.

No report by BPA.

Meeting was recessed & continued on Friday, March 9th.

Motion passed to declare Ordinance No. 526 (Long-range study grant contract from ODOT) an emergency, set aside rules & advance same to its third & final reading.

Motion passed to declare Ordinance No. 527 (contract for Ohio Airport resurfacing & improvement grant from ODOT), an emergency, set aside rules & advance same to its third & final reading.

Motion passed to declare Ordinance 528 (change Landfill truck rates) an emergency, set aside rules & advance same to its third & final reading.

Motion passed to declare Ordinance No. 205 (Enterprise Zone) an emergency, set aside rules & advance same to its third & final reading.

Second reading on proposed Ordinance for amendment to Zoning Ordinance #303.

New Business\*\*\*\*\*

Suggested that Village do the clearing of the trees at the airport since they have a backhoe. Mayor will get this underway as quickly as possible so as to be in compliance with ODNR's request.

Motion passed to send note of thanks to Cleve. Metro General Hospital for the excellent presentation given EMT class.

Motion passed for Council to submit plans to Planning Commission, Fresch's Island House request to rezone from R-1 to C-2.

Motion passed for Council to submit plans to Planning Commission, Van Auken's new application to rezone from R-1 to C-1 the Vest House.

March Legislation con't

Solicitor McDermond requested Council to put any information requested of him in writing so he can research same.

Motion passed to pay Ordinance 846.

\*\*\*\*\*

Anne Elizabeth Neuman & Gregory Glenn Riggs were married on January 27th in Zion Lutheran Church in Sandusky.

Parents of the bride are John & Virginia Neuman of Sandusky. The groom is the son of

Wylie & Lovina Riggs of Magnolia, Ohio.

The reception was held in the Royal Palm Room at the Greentree Inn, Sandusky.

The new Mrs. Riggs will graduate from Bowling Green University on May 5. Her husband is a Petty Officer in the U.S. Coast Guard at Otis Air National Guard Base at Cape Cod, Mass.

The newly weds will be living in Cape Cod, Mass.

In honor of Earth Day....

DIRT CAKE

- 1 pkg. (1 lb.) chocolate wafers
- 2 boxes (3 Oz. each) instant french vanilla pudding
- $\frac{1}{2}$  stick butter
- 8 oz. cream cheese
- 1 cup powdered sugar
- $3\frac{1}{2}$  cups milk
- 12 oz. cool whip
- 8" flower pot

Beat butter, cream cheese & sugar with beater. In separate bowl, beat pudding & milk. Add pudding & milk to other mixture. Spoon in & fold cool whip into mixture. Crush cookies. Layer dirt (cookies) & pudding alternating each. Top with dirt (cookies) & add flowers.

Optional: add a couple of gummy worms inside.

\*\*\*\*\*

In honor of the Memorial Day Holiday...

STARS 'N' STRIPES SOUP

- 1 can Chicken Noodle soup
- 1 can Chicken & Stars soup

\*\*\*\*\*

Holy mackerel! A mother cod can lay as many as five million eggs at a time. Usually only six survive. If they all produced live fish, there would be no room left in the ocean for water.

\*\*\*\*\*

Happy Mother's Day from your pride and joy, not to mention your trials and tribulations!

FISHIN'.....By Granpa Walleye

"Shore Leave" went "Fishin'"

Well, the boss let me write another article due to overwhelming, favorable response (3 to be exact). I wonder why my fourth son, Jim didn't comment?

Fantastic Fishin' so far - early April brought Steelhead & Coho to the warmer water in Seaway Marina in serch of food. These son-of-a-guns are real scrappers when caught, but they are gone now, until early next spring.

Took my 6 year old grandson, Brandon, to the Marina for Crappies & set up a bobber line with a minnow - told him to watch the bobber for any movement. A few minutes went by & he yelled that he couldn't see his bobber. I asked him why - he said it was under water. Told him to give the rod a jerk, he did & wound up doing battle with a Crappie, the size of a large pie plate - his first fish ever. He was very excited & after the battle, he said he had to go back home for a minute. I asked him why & he said he had to go to the bathroom. Now that's Fishin' ...exciting!

Small mouth Bass have been plentiful around the docks on the south side of the Island. Black Doll Flies tipped with minnows or maggots are very effective. Good size Perch are starting to bite on minnows off Neuman Dock & some large mouth Bass have been caught in the Marina. My favorite Perch Fishin' spot (West dock) is closed due to Quarry operations, however, Jim Palladino told me he plans to open the dock up for Fishin' later on which is good news.

Good catches of nice size Walleyes are being taken on weight foward spinners tipped with worms, west & northwest of Kelleys in deeper water.

Tip of the month - came across a terrific Cajun breading for fish called "Seasoned Fish Fry w/Lemon" which can be purchased from: J.A. Enterprises, P.O. Box 1532, Kent, Ohio 44240 - catalog no. 4091A or call (216) 678-2192. (12 oz. container costs \$2.25 plus shipping. Try it - let me know what you think of it.

Must go Fishin' now.....
