Closed Tues. & Thurs.

Seaway Marina Gas Pumps open Mon., Wed. & Sat. 8 AM to 12:30.

VFW Bingo every Saturday, except Feb. 16th at 8:30 PM

From the desk of CORADINE.....

Kelleys should have been called "Party Town" for the month of December - as there seems to have been something going on once or twice a week all through that month.

1. December 8th - Saturday - Island Community Pot Luck at Town Hall - very well attended, good food & fellowship & a lovely opening number with our Island Drill Team (girls) singing the Lord's Prayer in a darkened Hall while holding electric candles in each of their hands. Very moving! Thanks girls!
2. December 11th - Tuesday - Ladies Only Pot Luck at 1 PM at Matso's. Food, Fun & Fellowship & gift exchange.
3. December 13th - Thursday - Zion Ladies Group Christmas Party - Games - Stories - Carols - gift exchange in a beautifully decorated Mary L. room at Zion Church.
4. December 15th - Saturday - Annual Christmas School Play at the Town Hall. "Christmas Comes to Detroit Lonie" - very well acted by all our young children & the "Cookie Hour" following was so enjoyable!
5. Capt. Joe Nesta drove a group of children & adults - in the quarry bus - on Dec. 17th all around the Island where they made stops & went Caroling. We were among the fortunate ones to have been honored with their singing. Thanks!
6. December 16th - Sunday - the VFW had their Annual Christmas Children's Party at their hall.
7. December 22nd - Saturday - Zion's Annual Christmas Program & coffee hour.
8. December 31st - Monday - New Year's Eve Parties at VFW, Matso's & West Bay Inn.

Quite an assortment & quantity of events for such a small town as Kelleys - don't you agree? And the town was really decked out with lights & decorations, which gave Kelleys a very festive air!

Sick Bay - Ruth Schnittker is still on the Mainland with son. Bob but is improving daily & the same for Charlie Brown - who is living in an

apartment above John & Nadine Macks. Mary Williams is at home now, but Elmer Craft is still at the Care Center at Providence. We were sorry to learn that Meda Brown had developed a blood clot on her brain & they had to drill through her skull & tap the clot to remove the pressure. We haven't heard anything new.

More quips & quotes:

1. Ellies Hughes to her granddaughter - Erin, "I can't come over on the boat anymore." Erin - "Why?" Ellies - "because they aren't running anymore." Erin - "Why?" - - -
2. Frank P. to me - while going to Sandusky over Thanksgiving. "Do you ever get sea sick?" I told him I didn't. Said Frank, "I got seasick just once while out fishing & I'd been drinking beer, eating salami & smoking a cigar!" Said I "Well, you deserved to be seasick!" And he agreed.
3. Me to Lee as I left for the Ladies Pot Luck "I'll try to win a prize to bring home for you!" Lee to me - "Oh, you always bring something home - your empty pocketbook!"

Congratulations are in order for Sally Fresh & Craig Dwight who were married Dec. 8th & to Jim & Marie St. Julian on the birth of another son, James Peter, & to Dave & Lil Phinney on the birth of a new granddaughter - Sarah Elizabeth.

Quite a while back, there was a story in the newspaper, "USA" on our newcomers - the Goodson Family, on the theme that "big isn't always better" - having exchanged big city life & jobs for our little Island. Everybody & his brother seems to have read that article & they started mailing them in to us. I received one from Ashbury Park, N.J. Jessie received one from Florida & Lucille heard about it from a Cleveland issue! And there was a story on Jessie Martin in the Sandusky Register on her latest book, "The Beginnings & Tales of Lake Erie Islands" & the picture that was shown of Jessie - didn't look at all like her & when I told her so - she laughed & said there was quite a story behind that picture. They had called & asked for a more recent photo than the 1975 one they

Shore Thing.....by Carole Krzynowek

The construction of a 700 ft. breakwall & boat launching ramps at the State Park will begin this spring & hopefully completed by September. Estimated cost for the launch ramps, 24-space parking lot for cars with trailers, 10-space lot for cars only, a permanent tie-up dock, new lighting & wooden stairway is \$1.2 million. The work is to be done by Marine Contracting Inc. of Lorain.

The Christmas Snowpeople in the Town Park were repainted by Marie St. Julian. They really looked bright & cheerful!

The K.I. Annual Reunion was held at Holiday Inn in Lorain, January 26th. It's a "shot-in-the-arm" to see many of the familiar summer time neighbors & friends!

Come April, Carole Jorski will be joining her husband, Ed as a year round resident on the island.

Congratulations to grandparents, Chris & Frank Yako and Lil & Dave Phinney on the birth of Sarah Elizabeth - thanks to their children, Debbie & Pete.

Some winter activities engaged by Horton Bay, Michigan inhabitants are: Ice bowling, fish toss & bobbing for apples in a scooped out mound of snow filled with ice water. Sounds a little chilling to me.

Get three plants in one with lemon grass. It is easy to grow, is a tasty herb & a natural insect repellent. Flourishes in a sunny window, tolerates dry soil & can be moved outside when danger of frost is over. Its slender, arching bright green leaves create a graceful fountain effect. Can chop a leaf & sprinkle over soups, salads or wherever a lemon flavored garnish is desired.

Lincoln-Kennedy' Penny

This uncirculated Lincoln Head Penny is stamped with a profile reproduction of John F. Kennedy looking-at-Lincoln. This unusual commemorative piece is truly a collector's item.

Astonishing coincidences: Lincoln was elected in 1860, Kennedy in 1960. There are 7 letters in each name, both presidents were slain on a Friday, both in the presence of their wives. Both were directly concerned with Civil Rights & both had legality of elections contested. Kennedy's secretary, Lincoln warned him not to go to Dallas & Lincoln's secretary, Kennedy warned him not to go to the theater. Both their successors were named Johnson (Andrew Johnson & Lyndon Johnson). Both Johnsons served in the U.S. Senate, were southern Democrats & each name contains 13 letters. Lyndon was born in 1908 & Andrew in 1808. Booth & Oswald were both southerners favoring unpopular ideas. Oswald shot Kennedy from a warehouse & hid in a theater. Booth shot Lincoln in a theater & hid in a warehouse. Booth & Oswald were murdered before trial could be arranged. Lincoln & Kennedy were carried in death on the same caisson. Booth & Oswald were born one hundred years apart. Lee Harvey Oswald & John Wilkes Booth's names have 15 letters.

Cleaning your house while your kids are still growing is like shoveling the walk before it has stopped snowing.

The Original Beach Boys....by Jessie A. Martin

The Romance of George Kelley

Irad Kelley, one of the original Kelleys who first purchased Kelleys Island, had a son named George. Although George did not arrive on the island until 1847, in 1843 he purchased land from Addison Kelley. This parcel of land consisted of one hundred forty acres of lot no. six.

George & his father went to Tennessee to buy sheep, & while there they stayed at the home of one Colonel Eastland. George became very ill & stayed with Colonel Eastland until he regained his health.

Colonel Eastland had a daughter Martha. During George's period of recuperation, he & Marthe fell in love. He persuaded her to be his wife & to accompany him back North. He brought this new bride from the warmth of the South across the ice of Lake Erie in January, 1848, to live on Kelleys Island.

In the year 1835, Addison Kelley built a large log house on the west side of Division St., about fifteen hundred feet from the south shore of Lake Erie. This log house was not for himself, but for his father, Datus. By the time George arrived with his new bride, Datus had moved elsewhere, & so George & Martha lived in the log house. This log house forms the core of the oldest house on Kelleys Island. It now belongs to Burt Miller.

In August of 1849, Martha gave birth to the first twins born on the island. Unfortunately they lived only a few weeks. They were to have other children, one daughter in particular named Hattie. Hattie married Mr. Stewart Chisholm of Cleveland, Ohio, & they resided in Cleveland. As Hattie was gifted with an excellent soprano voice, she sang for many years in the choir of the Second Baptist Church of Cleveland. This is the church to which Mr. John D. Rockefeller belonged. Cleveland critics judged her voice to be equal to the best soprano of the world at that time.

George Kelley made many contributions to Kelleys Island's history. He was the first postmaster. He was the first to register ear marks for hogs & cattle in the township record book. The record reads: "Irad & George Kelley left for record July 1848, round hole through the right ear." As livestock wandered the island, these ear marks served as identification in case a dispute arose over the proper ownership of an animal.

George also operated a general store. In 1854, he traded his store business to William S. Webb in exchange for Webb's quarry. He then opened several small quarries in various places on the island. He built a dock for shipping his stone. Here the keel for the Island Queen, which was put into service in 1855, was laid.

George Kelley is an example of the many versatile pioneers who made Kelleys Island a growing & prosperous community.

Coradine con't.....

they had but Jessie had none. So, they were going to send a photographer over, but before they did, Jessie got a call saying they'd received one from her daughter, Lisabeth. Jessie couldn't recall which one she had & was therefore so surprised to see a 1960 photo of herself with the story. But, she had a very successful autograph party at the shop where her granddaughter, Danielle, works. In fact, it was so successful that the owner told Danielle "Tell your grandmother to write some more books!"

There have been some rather unusual weddings all over the Country - but I do believe the one that took place here on Dec. 31st - after the 5 PM plane landed, really takes the prize. The couple was from Indianapolis, Ind. & wanted to be married on an Island! So looked at a map & found Kelleys, looked in the Yellow Pages & found our Fly Inn & called & got Joann who connected them with Pastor Walton, who told them what to do - & so they arrived here & were married - with Ken & Joann as witnesses & they came to Matso's New Year's Eve Party & had a great time & we were introduced to them. The next day Ken Neuffer flew them to the Mainland in his own plane. So - they had quite a wedding to remember.

And speaking of weddings, looking back over 1990 - we had quite a few & so would like to call 1990, the "year of the Newlyweds" & sincerely hope that each of them had a very blessed Christmas as a newly married couple & that the New Year will strengthen their faith, deepen their love & multiply their happiness! And I hope each of you can accept these few words of wisdom from 2 old pros, from Lee & from me - "NEVER STOP SAYING "I LOVE YOU!" We love YOU!

Now my closing "quote" -

"If you want to come to see me, come anytime. If you want to see my house, make an appointment."

Til next time,

Coradine

Did you read?

For the holidays, we had a ham so naturally afterwards there was Pea Soup to make from the bone & left over ham. I noticed in K.I. Historical Assoc.'s Cookbook, the recipe submitted by Lawrence Betzenheimer where it calls for grated carrots & potatoes. My grandson puts vegetables in the same category as monkey brains, so this suggestion intrigued me. It worked marvelously! I will use that technique on more than Pea Soup.

With "lent" creeping up on us, I feel the need for one last fling to exercise my sweet tooth. Browsing further through the book, Caroline DeBoard's recipe for "Sinful Creme de Menthe Brownies" seemed to make my taste buds water!

.....

The Baltimore Orioles think urinals designed for the female anatomy may be the solution to long lines outside the woman's rest-rooms. The inventor of one is Kathie Jones of Pensacola, Fla. She thinks the problem is time not the number of toilets. She founded Urinette Inc. to market the She-inal.

The device resembles a urinal for men, but has a hose attached. Women simply stand in front of the urinal, pull the hose towards them & a sanitary paper covering drops into a funnel at the end of the hose. When finished, the woman hangs the hose up & flushes.

It seems, according to a survey, women take 153 to 181 seconds to use a restroom & 84 to 113 seconds for a man.

Legislation from November 15th Meeting.....

Motion to declare Resolution No. 212 (pertaining to certain lands underlying Lake Erie/Yako) an emergency, set aside rules & advance same to its third & final reading passed. Resolution No. 212 then declared passed.

Motion to declare Resolution No. 213 (pertaining to certain lands underlying Lake Erie/Bechtel) an emergency, set aside rules & advance same to its third & final reading passed. Resolution No. 213 then declared passed.

Committee Reports.....

Finance - passage of a levy is needed in the Landfill Fund which ran out of money a month ago; may have to borrow against money we may get next year. Village will have to cut back on costs; need legislation to transfer money out of the General Fund into Landfill Fund. Landfill Committee will have to come up with a package for next year's landfill rates. Suggestion for 1991 bills to go out in January. Mayor wants legislation on every Councilman's desk the week prior to next month's meeting. Solicitor to receive Delinquent list soon. Solicitor stated the purpose of Collection is to deter non-payment; it will take some time to retrieve the delinquent money. Suggestion to get scales - Must purchase gas monitor wells first. Committee will check into finding another hauler who's rates are lower. Suggestion to look into State grants. The Poggemeyer Group is going to try getting Village some grants.

Streets/Sidewalks - other than a little patching, normal cleanup & fixup, nothing more happening. Mayor made a third monthly request for a short-term & long-term plan from Committee.

Lands/Buildings - no meeting held. Problems still remain at the Town Hall; furnaces need to be fixed. Joe Trainer agreed to take responsibility for sport activities there.

Administration/Public Safety - a demo on "rescue" was given our EMT's by Don Mortis, Fire Training Instructor, using up-to-date equipment available for broken bones, backs, etc., namely, the PAAR VACUSPLINT MATTRESS, which enables the injured party to be placed in an ambulance without disturbing the patient. Prices given Chief Moore were \$260 for blankets & Leg Arm Case, \$650 for Mattress with pump, total cost \$910. Motion passed to purchase the Paar VacuSplint Mattress & to be paid out of Medical Service Fund. Suggested that arrangements be made to give a demo to everyone once the mattress arrives.

Treasurer - Receipts of \$51,182.19, expenditures of \$29,291.46, with a balance of \$187,832.89 in general checking account.

Police Department - Chief Moore reported things have slowed down. There was 1 arrest, 16 complaints, 2 accidents, 3 medical runs, daily patrols made, & that the vandalism regarding road signs was solved.

Planning Commission - Meeting will be held on Friday, Nov. 16 at 8 am, then meet with the Poggemeyer Group & people of the community to get the report study rolling before the last boat leaves.

Landfill - Meetings were held with Recycling Committee in preparation for a pilot mandatory recycling program; the "Pavilion" not used during the winter & having a sheltered area, was chosen as the Recycling Center site. Complete details forthcoming. Purpose of the program is to defray shipping costs & help eliminate extraordinary Landfill costs. 400 communities already have mandatory recycling.

B.P.A. - Reported that any monies, interest-wise, should go to BPA, not Village General Fund. BPA can no longer give "free" water to anyone, such as Cemetery, down town fountain, pavilion, etc., the result of being involved with Federal funding.

Motion made to appoint Megan Joyce as Clerk of the Village, filling the unexpired term of Sharon Bianchi who resigned declared passed.

Discussion of Volunteer Fire Department's amended Resolution has been tabled pending further review. Mayor requested Matso to follow-up with Solicitor regarding Village Liability. Herndon stated the Fire Department should let Finance Department know how much money they need. He also stated the need to discuss necessary legislation for a levy which would be for Capital Expenses.

New Business.....

Motion to approve use of the Pavilion & Town Hall for two 1991 reservation requests, failed, lacking a second; pending further discussions, has been postponed until next month's meeting.

Items From Council.....

Request Lee McDermond, Village Solicitor, to check into impact taxes on commercial boat docks.

Herndon & Village Clerk, Megan Joyce, to meet on Saturday, Nov. 17, to discuss legislation needed amending 1990 Appropriations, transferring a said amount to Landfill Fund, notify Solicitor what was decided, then arrange to hold special Council Meeting. Also stated Airport Fund is in the hole.

Motion passed to pay Ordinance No. 854.

Some descriptions of car accidents found on insurance forms:

"I had been shopping for plants & was on my way home. As I reached an intersection, a hedge sprang up, obscuring my vision."

"The other car collided with mine without giving warning of its intentions."

"I had been driving my car for 40 years when I fell asleep at the wheel & had an accident."

"In my attempt to kill a fly, I drove into a

Legislation Notes from Special Council Meeting
November 19th.....

Subject: Proposed Ordinance amending the 1990 Annual Appropriation Ordinance/the transfer of funds to Landfill Fund from General Fund & Street Maintenance Fund. - Consider Resolutions for placement of issues for February's election.

Motion passed to declare Ordinance No. 545 (Amend. 1990 Appropriations Ord./transfer of funds) an emergency, set aside rules & advance same to its third & final reading. Ordinance No. 545 then declared passed.

Resolution (Declaring amount of taxes to be raised by proposed levy/Landfill Capital Funds) to declare an emergency, set aside rules & advance same to its third & final reading failed.

Resolution (Declaring amount of taxes to be raised by proposed levy/Operating Funds) to declare an emergency, set aside rules & advance same to its third & final reading failed.

Matso stated it would be unfair to have an election in February while the summer residents are not on the Island, suggested waiting until Spring to present & explain the above resolution to everyone. Herndon stated summer residents could vote absentee ballot. Mayor voiced concern & disappointment that the two resolutions did not pass at this time, for due to lack of funds, the Village would be in jeopardy of losing our self government, therefore could lose it to the County Commissioner whereby taxes could triple; stated we are 10 Mills lower than any other community.

Insurance form descriptions con't...

telephone pole."

"I thought my window was down, but I found out it was up when I put my hand through it."

Legislation from December 15th Meeting.....

Ordinance (Temporary Appropriations/Jan., Feb. & Mar. 1991) to declare an emergency, set aside rules & advance same to its third & final reading failed due to motion being withdrawn. Finance Committee agreed to meet before adjournment regarding transferring of funds to accounts in the "red."

Committee Reports.....

Finance - Committee will have to stay after the meeting to balance out 30 accounts in the "red" & to also try & come up with money to pay BFI due to Landfill Fund being out of money.

Administration/Public Safety - EMT's had a work session with the Paar Vacusplint Mattress that arrived. Would like to have a mattress demo for the public sometime in Spring.

Police Department - Chief Moore reported 11 complaints, 3 citations issued, 2 accidents investigated, 3 medical runs, 2 assists to Coast Guard & daily patrols made. Stated the Paar Vacusplint Mattress came in.

Planning Commission - After adjourning their regular monthly meeting held Dec. 14, they later reconvened with representatives of the Poggemeyer Group to start work on the Port Study & received a good amount of information from those attending.

Landfill - Village is in deep trouble over the Landfill. Received notice from BFI of a rate increase effective Jan 1, 1991. Would like to see new Landfill Fees for 1991, Residential & Business which show an increase, be sent out sometime in January.

B.P.A. C. Smith attended a Conference on Zebra Mussels which dealt with treatment on how to keep the intake clear.

No reports from Streets/Sidewalks, Lands/Buildings

nor Treasurer.

New Business.....

Mayor stated appointments to the Park Board will be set aside until January's Council meeting.

Motion passed for Village Solicitor to set financial planning meeting with Squires, Sanders & Dempsey.

Motion failed to enter into contract with Love Insurance for Public Liability & Police Liability Insurance which expires Dec. 31st. Motion passed for Village Solicitor to put Public & Police Liability Insurance out for bids. Motion passed to secure coverage extension, if necessary covering period of time new contract goes into effect. Motion passed for Village Clerk to mark calendar every October, to remind Council of said insurance expiring, also remind Council couple months in advance of other expiring insurances.

Village Solicitor is drawing up proper documents to be discussed at next month's Council meeting regarding Pavilion & Town Hall reservation requests cleanup fees.

Report regarding Fire Dept. needs & Village liability will be ready for next month's meeting. Report regarding short term & long term plans for Road Construction & Repair will be ready by early Spring.

Since we no longer have a landfill, it should be referred to as a Transfer Station. A trial Recycling Program should begin sometime in January. Bills for 1991 Transfer Station Fees will be sent out as soon as new rates are set & approved by Council. Also reported that the Village can collect delinquent accounts through Small Claims Court. It is only fair that everyone does their fair share to maintain the Transfer Station.

Due to several questions raised, Mayor McCullagh will ask the Park Board to find out the State Park rules for Islanders wishing to use it.

Items from Council.....

Motion for State Auditor to audit Village books which is done upon resignation of previous Clerk & in fairness to newly appointed Clerk. Audit will also include Mayor's Court books passed. Solicitor will research if it must be done by Ordinance.

Suggestion to change all the door locks of the Town Hall & key given to an authorized person. Vandalized piano was repaired & St. Julian was requested to make a box with a lock, to enclose piano when not in use. Suggestion that perhaps only the Mayor or Village Clerk should give permission to anyone wishing to use the Town Hall.

Motion passed to pay Ordinance No. 855 as amended & contingent on final approval by the Finance Committee Chairman stating that all appropriations were brought into adjustment.

Special Council Meeting, December 21st.....

Motion to declare Ordinance No. 546 (Temporary Appropriations/Jan., Feb. & Mar., 1991) an emergency, set aside the rules & advance same to its third & final reading passed. Ordinance No. 546 then passed.

Motion to bring all appropriations balances into adjustment passed.

Motion to approve amended Pay Ordinance No. 855 passed.

Fishin'by Grampa Walleye

Well now, here it is - the end of January already! Winter going down hill - Spring not too far away & visions of the ferry boats running to the island are starting to materialize in my mind.

Walleye fishin' during late Fall was really fantastic from the shoreline docks with fish taken almost all the way to Christmas Day (providing the ice wasn't around the island).

Did something this Fall that made me feel really good - practiced catch-and-release with the big fish. Only kept the smaller fish (4 lbs. & under) & the males (which were scarce). Let the big mamas go to hatch a new brood. It was quite a shock to my system when I first started this, but after letting a few fish go, hopefully to be able to spawn in the Spring, made me feel pretty good.

Went to the Boat Show at the Cleveland IX Center which I normally eagerly await so I can see what's new. Went on a Monday - hardly any one there. Boat dealers are really hurtin' big, exhibitors like Zuckers are out of business after many years. If you're looking for a new or used boat, this is the time to deal, with a soft economy & what's going on in the Persian Gulf.

Say a prayer for our guys & gals there no matter how you may feel about the situation!

Hope to do some fishin' if possible in February - see you all in March!

Peace

TO ALL MANKIND

Recently Deceased

After a battle with cancer, a stroke took the life of Florence Sabol on Tuesday, Jan. 15. A graveside service will be held at Kelleys Island on Saturday, April 6th.

Eleanore Liwosz, wife of John Sr., died after an extended illness on Saturday, Jan. 19. Burial intentions were not known at the time of the funeral.

ATTENTION, Business persons of Kelleys Island:

Any classified you wish to advertise in the March/April issue is free!! So if you are looking for summer help or items to buy, sell or trade, drop me a line.

Inform the full & part time residents of available positions. They may have relatives or friends in need of a seasonal job. Don't forget a phone no. or address for them to get in touch!

Dear Readers,

Another New Year! More changes, challenges & the devastation of war.

May our strength be enhanced by tenderness, our wisdom empowered by faith & our courage made complete by compassion.

May we look at life with joyful optimism, enrich our community with creative enthusiasm & help to build bridges of understanding.

Strive that we make friends comfortable in our presence, that we be encouraging, help to lighten their load & brighten their day with words of hope, inspiration & assurance.

My toast for 1991 is that we love our country with grateful loyalty & worship God with unswerving fidelity!

At dockside & holding,

Carole
