From the desk of CORADINE.....

On Wednesday, April 17, we had a wonderful surprise, a visit from our daughter, Coralee, her husband John & son, Paul! They had been to Maine & Wisconsin visiting colleges there for Paul to decide which was best for the type of courses he wishes to specialize in - environmental. Because Lee's 85th birthday was coming up on the 30th, they took us out for dinner at the Pump. As we had seen Gary only in passing each other on the road - since he re-opened the Pump & hadn't seen Jackie at all, we had a wonderful welcome from both of them! Lee & I - as we retired that night - felt so very rich - having such a loving family & loving friends!

From a happy note, we had to face a sad one with the news of Elmer Craft's death, April 18. Rosie had a luncheon for the mourners at Matso's & it was to have been after a graveside service at the cemetery on the following Saturday. It had to be postponed till Sunday as the boats couldn't run - weather too bad! We shall miss Elmer, as he was always so very good to us!

Our editor Carole, stopped in one day, with her daughter & she gave me a beautiful & unusual plant as a thank you for writing my column. I told her I didn't need any gifts, as I am more than repaid for my efforts in all the lovely compliments our readers have for me! Just recently Mrs. Kadlec came to the car to greet me through the window as I waited for Lee at the Country Store. And she wanted me to know how much she enjoyed my column! Then saw Lil Phinney & she told me the same thing. Just last week we met Helen Winnen Kenhoff at Singers & she told me how my column kept her so "warm" all winter. And to top that - we found a beautiful basket on our door step that afternoon. It contained a lovely purple violet & a note that said "The gift of the Island & of yourself that you share with us are very precious to all, especially to Helen Winnen Kenhoff" - Beautiful!

Do you wonder that I feel more than repaid for my efforts in writing all these loving words? Helen also wrote her note " when we read them on a chilly day twixt winter & spring, they feel like a big warm hug!"

Back to sad news - shortly after we heard of Elmer's death, we got word that Lenny Weintraub had also died. Our sincere, heartfelt sympathies to his wife, Judy. Lenny will also be sorely missed, as he was quite a story teller & had a wealth of unusual information!

Today - May 14 - as we stopped at the Martin's to deliver their mail, Jessie came to the car to tell us that Nadine Brown Elfers had died the day before. Even though we know she had been ill, still it was a shock to know we had lost another good friend!

Every other paragraph seems to go from joy to sorrow - from death notices to parties & fun! And so - after telling about Nadine, I am now about to tell of Henny Beatty's 90th birthday party. It was held on April 24th & was in the form of a cocktail party from 4-6 PM at Ila & Ramie Dick's beautiful home! The food was so plentiful & fabulous, & it was so nice to see Mary Williams looking so well after all she had been through. And the same for Charlie Brown - who was also there with Ann. It seemed as tho half the Island was there & I know Henny was one happy guy & looked just wonderful for a 90 year old! More power to you, Henny!

Carol Elfers Bright has kept in touch ever since she moved to Cape Cod & a recent letter told all about her daughter Amanda's accomplishments. After having received her B.S. degree last September in Humanities & International Law, she went to the Soviet Union for 15 wks. to study there. She was just crowned "Miss Barnstable Co" a preliminary to Miss Massachusetts & then Miss America Pageant & she will appear all over Cape Cod this summer. She will enter Harvard this fall for her graduate degrees & plans to enter the United Nations as an ambassador at some point in the future. Quite an accomplishment & we join you, Carol, in your pride!

This Saturday - May 18 - will be another
con't on page 10

Shore Thing.....by Carole Krzynowek

K.I. Singers' next practice is on the 29th of June at Zion Church around 1 PM. There is talk of them having a concert on the Island this season. Wouldn't that be great?

Jackie Finger is the new Chamber of Commerce President & Pat Johnson is the new Secretary.

The Kelleys Island School had one High School graduate this year, Joel Trainer, son of Sandy & Joe Trainer. He plans on attending college in the winter for law enforcement. Congratulations!

The Corp of Engineers had a meeting with residents & marina people two weeks ago. Does that mean we're closer to having another ferry line?

Glad to hear Bob Golias is out of Marymount Hospital (in Cleveland) & doing fine! Both blood clot on the brain were operable. That's one lucky dude!!!

Bibber Overcasher is in Cleveland's University Hospital & we wish her a speedy recovery & return to K.I.

Stop by the Village office to meet the new clerk, Jean Kuyoth. She's there most week days until 5 PM. She could probably use some words of welcome & support. It has got to be hard to take over a job without learning the system & procedures the previous clerk used & also with the Village being in such a financial mess.

The Perchie Press, a K.I. based newspaper by T. & V. Sullivan can be subscribed to by writing them at P.O. Box 472, K.I., Ohio 43438.

Overheard some of the "Dream Team" in the Pump saying how great it would be to have a recreation/sports center that anyone could belong toindoor pool, volley ball court & etc. I second that! In fact I'd like to join the Dream Team.

The Chamber's 10 K-Kick & 5 K-Kick was on Sunday, June 9th. Besides Ohioans it brought contestants from Pennsylvania, New York, Iowa & a few from Michigan. Local runners were: Rich Mayber, Amy Holmes. Omar Zettler, Betsy Wagner, Marty Manzio, William Manzio, Chris Feyedelem & Andy Holmes.

The Original Beach Boys....by Jessie A. Martin

Five Sicilians

Each time that we read a newspaper of our own or a near-by community, we learn that a murder (sometimes more than one) has taken place. When we think of Kelleys Island, we don't often think of murder, but we consider it a quiet, peaceful place. However, murders have happened here.

The first one that we know about occurred in 1826 when men named Barnum & Grummets were settlers on the island. A man, Killiam, & his family cleared several acres on the south side of the island east of Division Street, & he hired these men to work for him. They had originally come to the island to cut & sell firewood. For various reasons, all settlers on the island moved away, leaving only Barnum & Grummets. Barnum killed Grummets. He was incarcerated in jail at Norwalk, Ohio, but wasn't brought to trial until 1835, almost nine years later. He pleadeself-defense & was acquitted of the crime.

More recently, Thomas Hoyt Jones, a long-time summer resident & frequent winter visitor on Kelleys Island was murdered in his home at Long Point. The young man found guilty of the crime is now serving time, I believe at Lucasville, Ohio.

And there was the mysterious death of a poor widow, Elizabeth Selfe, who lived with two of her children near Long Point. She was missing for several days, & when her body washed ashore in July 1877, it was thought that she had been murdered. This theory was never proved, although there was substantial evidence that there was foul play.

Probably the worst of all crimes committed here took place in September, 1911. Five Sicilians, John Barlana, Rothe Klawetch, Dominico Silwate, Antonio Dicarie, & Antonio Berlin, had come to the island to work in the quarry. Their original plan was to earn money, divide it equally, & then return to Sicily, their native homeland. This didn't happen. Instead, on Saturday,

September 23rd, 1911, a nude body washed ashore on the north shore of Kelleys Island. The legs of the body were tightly strapped together between the knees & the thighs, & there was a rope about ten feet in length tied around the waist. There was a deep gash on the right side of the face, extending from the ear to below the chin. At first no one could identify the body. Several men who worked in the quarry had found the body, & they assumed that the man had been murdered & thrown overboard from a passing boat. However, Deputy Coroner John Casey of Sandusky identified the body as that of Antonio Dicarie.

Deputy Casey went to the house where the men lived. There he found an upstairs room splattered with blood, a bed covered with blood, & splotches of blood leading to the lake, but no one was at home. On the next day, the island's marshal, Henry Elfers, Jr., found clothing belonging to the murdered man secreted upon a ledge in the cellar, shoved up under the foundation of the house.

Then on Friday, September 29th, Albert Erne an island fisherman, discovered two more bodies that had been shot & stabbed several times, weighted down with rocks, on the north shore where Dicarie's body had been found. These men were identified as Antonio Berlin & Jim Berlin, previously called John Barlana. Deputy Casey began looking immediately for the other two Sicilians.

He learned that they had left the island on Thursday or Friday with trunks & other baggage. They had spent Friday night at Marblehead, Ohio with Paul Ruffa, a cousin of the Berlins. At the railroad station they had checked a trunk to Cleveland, Ohio & had inquired about train connections to Sharon & Pittsburg, Pennsylvania. On October 1, 1911, the two men were apprehended at an Italian rooming house in Pittsburgh. In their possession was \$514.00 in money, a revolver, & a hat covered with blood.

These men were arrested for murder. They stood trial, were found guilty, & were executed in the Ohio Penitentiary. Some say that the

CORADINE con't.... }

sad day - as Eleanore Liwosz is laid to rest at our Island Cemetery - with a graveside service at 2 pm. Another good friend to bid farewell!

I am sure that most of you are familiar with the May Day custom of hanging baskets of flowers on door knobs. Well, last week was like a "May Day" for us! Ronnie came home from getting our Plain Dealer at Singer's & found a florist's package in our steps. On opening it, I found a beautiful rosy-pink azalea plant, a Mother's Day gift from our son Bill & daughter-in-law, Judy. Then that same day, as Lee went out the door to do some outdoor jobs, he found another floral package on our steps & when I opened it, I found the basket with the purple violets from Helen Winnen Kenhoff - which I mentioned before. Then - the next morning, we found a beautiful bouquet of lilacs, a gift from Ann Hass! The Myers family is truly blessed with a wonderful family & friends as I mentioned earlier!

With an 85th (Lee) & a 90th (Henny) birthday having been celebrated so recently, thought the following "quote" very appropriate for now!

- "You know you are growing older when -
1. You burn the Midnight oil around 9 PM.
 2. Your narrow waist & your broad mind begin to change places.
 3. Weight lifting consists of just standing up.
 4. You know everything, but can't remember.
 5. The "Happy Hour" is a nap.

Till next time,

Coradine

Original Beach Boys con't...

bodies of all five men lie side-by-side in unmarked graves in Kelleys Island's Cemetery.

Kelleys Island Branch of the Sandusky Library

Summer Hours June 1 - Aug. 31

Mondays 9:30 am - 1:30 pm

Tuesdays Closed

Wednesdays, Fridays & Saturdays

10:30 am - 2:30 pm

Thursdays 7:00 pm - 9:00 pm

"Storytime with Cindra Mielke"

June 17 - Aug. 12 on Mondays

9:30 to 10:30 am

For children up to 12 yrs.

Storytime is an exciting hour of sharing, learning, making new friends & having fun. Together we listen to books full of adventure, create a delightful craft, enjoy visits from our special guests, a picnic & wonderful surprises to come!

On behal of Kate Boker, the librarian:

... a big "THANKS"

... to the VFW for the flag they donated to the library.

... to John Ludu who did such a fine job of painting the library floor.

Kelleys Island elementary students hosted fellow students from Pelee, North, Middle & South Bass Islands to a sack lunch in May. The students met at Put-in-Bay (our 17 were transported there by Jake Martin). While here they toured Glacial Grooves, the Kelley Mansion & Inscription Rock. The Jet Express returned the other children to their respective islands.

"We do not inherit the Earth from our ancestors, we borrow it from our children," the philosopher Emerson wrote.

MV Shirley Irene

First passenger exiting the ferry onto Kelleys 'terra firma' last April 27th. (Joe Nesta's dog, Opi)

That's right! Nurseries now sell live ladybugs for your yard. They devour many times their own weight in destructive insects, including aphids, thrips, mealybugs, fruit scales, tree lice, leafhoppers & fleas. They also enjoy eating eggs & larvae of many plant destroying insects.

Kids tell it like they think it is

Kids have a heck of a time reciting *The Lord's Prayer*, *Pledge of Allegiance* and assorted songs and sayings and here are some of the ways they goofed in a recent survey. Note: The proper words are in parentheses.

- "Our Father who art in heaven, HCW DO YOU KNOW MY (hallowed be thy) name?"

- "Give us this day our JELLY (daily) bread."

- "One nation, INVISIBLE (indivisible)."

- "God SHAVE (save) the Queen."

- "One nation AND A VEG-ETABLE (indivisible)."

- "Hark the HAROLD (herald) angels sing."

- "Pledge A LEGION (allegiance) to the flag."

- "And to the republic for RICHARD (which it) stands."

- "Lead us not into PENN STATION (temptation)."

LITTER...IT WON'T JUST GO AWAY

Litter is with us everywhere. It's not only ugly, it's stubborn. Most litter won't degrade in the near future or even in our lifetime. Even with the help of nature's decomposers...air, water, and sunlight...look how long these common throwaways will be with us:

- paper, 2-5 months
- orange peels, 6 months
- milk cartons, 5 years
- cigarette butts, 10-12 years
- plastic bags, 10-12 years
- nylon cloth, 30-40 years
- plastic containers, 50-80 years
- aluminum, 8-500 years
- glass, 1 million years
- plastic foam, forever

What Money Can Buy

Money will buy:
A bed but not sleep,
Books but not brains,
Food but not appetite,
Finery but not beauty,
A house but not a home,
Medicine but not health,
Luxuries but not culture,
Amusement but not happiness,
A crucifix but not a Saviour,
A church pew but not heaven,
What money can't buy, the Lord
can give freely without charge.

Legislation from April 11th Meeting.....

Motion to declare Ordinance No. 553 (Village Volunteer Fire Dept.) tabled, passed.

Motion to declare Resolution No. 219 (Agreement with Ken Neuffer) an emergency, set aside rules & advance same to its third & final reading passed. (To put a driveway in to the runway in a section of grass at the airport)

Motion to amend Ordinance No. 532 (to raise annual rental fees) passed. Fees raised to \$5.00 per bicycle per year, \$25.00 per moped &/or golf carts per year, & \$5.00 per person that all buses & trams can carry per year. Coin operated amusement devices are remaining the same, \$25.00 per device per year. Stickers will be issued to all rental vehicles. Insurance a must for all rental vehicles, proof of insurance is to be given the clerk. Motion to declare this Ordinance an emergency, set aside rules & advance same to its third & final reading passed.

Committee Reports.....

Finance - Herndon reported that appropriations for the Village are critical. Reported the Village has less money to work with, but more is needed. Ex. Need money for Police Dept., will need at least \$26,000 for new Police Chief & Deputies, Fire Dept. needs money for equipment, fire truck upkeep & salaries. Both levies need to pass in order to get money for the appropriate protection needed. No money is being spent on insurance, utilities & salaries. Need money to pay for Dwelle House, sidewalks & the 10% to add to the Airport grant from last year. Village can maybe get by if all levies are passed.

Streets/Sidewalks - Martin reported that Ed Feike was over & did a survey of the whole Island & is going to give the Village an estimate of repairs. Estimate will be given on a tonnage basis. Ed

Feike brought someone to measure some of the roads to see what needed to be done. Follow-up report has not gotten back to Martin.

Lands/Buildings - Haas reports that he wants to get with the Solicitor on the Dwelle House. The house is vacant as of right now, but the Chamber is interested in using $\frac{1}{2}$ of the house. The condition of the house is such that we can't charge much in the way of rent. The possibility of getting something such as insurance for the house, utilities on the building or repairs needed for the house. Lee suggested a proposal be drawn up after researching the issue & getting with the Chamber, Haas will be working on it.

Administration/Public Safety - Matso reported that one interview is left for the Chief of Police position. The funds are not there to have the police protection needed. Also the EMT's & Fire Dept. are going to have to live on the boundaries of last year. Insurance is a good percentage of where money is being spent along with utilities & salaries. Cannot afford to cut insurance.

Treasurer - Financial reports given to all Council members. Seeholzer reported that we need to get Landfill fund out of the red. Village needs money for notes due for the Dwelle house & sidewalks.

Police Department - Moore reported that there were 4 complaints, 1 arrest that earned \$265.00 for the Village & 2 accidents investigated.

Planning Commission - Herndon reported that there will be a Public hearing April 12, with a man from O.D.N.R. to discuss the submerged land lease program. A meeting is scheduled on April 13 with Poggemeyer.

Transfer Station - Haas reports that the new Dump Rules will become effective 5-1-91 even though bills have not been sent. Discussion of availability fees will be going toward the cost

of operating the Transfer Station, money received for the stickers will be used for the disposal truck. Stickers will be sold at both grocery stores. Recycling, if separated, can be deposited for free.

B.P.A. - Phinney reported that there will be a meeting 5-12-91 at Lee's office with Poggemeyer to discuss FHA project. The underground utilities project has not been appealed.

New Business.....

Motion made approving the following 1991 reservation requests:

to Kelleys Island Landowners Association:

Municipal Bldg. - April 20, June 15, July 20
Sept. 21 & Oct. 19

Pavilion - May 8

Village Park - Aug. 17 (Homecoming)

Town Hall - May 18 & Aug. 17 (weather permit)

to K.I. Gardening Club:

Municipal Bldg. - April 27 & May 11

to John D. Kobs (Landowner):

Pavilion - June 8

Questions raised on fee to rent Pavilion, & also the use of the place for the whole day. Request for baseball team to request practice time.

Old Business.....

Response written from 4H Camp letter given to all Council members.

Citizens Participation.....

Statement made that there is a leak in the Cemetery on the north line. Wondered if money from Perpetual Care Fund could be used to repair the damages. Lee stated that only the interest can be used for repairs.

Comment that if everyone paid last years landfill fees that the Landfill would be in the black. Ans-

wer was that it would still be in the red. Problems with tourists dumping trash at residences & rentals.

Taxes for Quarry due. Money goes to County Auditor & the Island gets their share.

Comment on the possibility of renting other half of Dwelle house, along with rent, fixing it up.

Report that Palladino agrees to negotiate the possibility of hauling the trash.

Suggestion to have an income tax on money earned on the Island.

.....

Motion to pay Ordinance 858 passed.

Herndon suggests authority to get an expenditure of \$1500 from Gen. Fund to cover notes due, Fund will be reimbursed. Seconded motion voted on & passed.

Special meeting set for 5-25-91 with Jack Jones & Poggemeyer on assessment of water project.

Sorry that Legislation notes from the May meeting were not available in time for this issue!

Lettuce Tips

1. Keep lettuces whole until they are needed. They'll last longer, 2 to 4 days.
2. Prevent harmless brown spots or rust spots do not wash lettuce before storing. Just remove excess dirt & damaged leaves.
3. Crisp lettuce before serving by placing in a plastic bag & chilling in freezer for a few minutes.
4. Don't store with canteloupes or apples or tomatoes. Fruit emits ethylene gas.

ISLANDFEST 91

July 26th & 27th

Friday & Saturday

Parade theme is
 "Patriotic"
 (Welcome Home
 Troops)

Fly your flags & keep
 them up all month!

The two categories for
 parade prizes are:

- Floats
- Golf Carts

There will also be
 dancing, games & crafts

Don't forget about the "spectacular" fireworks! As great as they are, they don't come cheap. If you have donated in past years please do it again & if you have not, please start! Give your check or money donation to Jackie Finger at the Pump or mail it to: Chamber of Commerce, C/O Jackie Finger, P.O. Box 767, Kelleys Is., Ohio 43438

Bored? Want to meet more of your fellow Islanders & have fun too? Volunteer to help at a booth for this event. Just stop in at the Chamber's Booth next to Popeyes & leave your name, time preference & type of job you'd like to do. It sure would be appreciated!!!

Erie County's Treasurer, Beverly Pressler, has been enlisted to help K.I. collect unpaid excise tax from a few Island businesses. The tax is levied on all items purchased on Island except groceries & "bed & breakfasts". The businesses must pay ^{140 of} 90 percent of their gross to the Island.

K.I. has raised approximately \$12,580 in 1983, \$17,995 in 1984, \$29,005 in 1985, \$26,405 in 1986, \$25,326 in 1987, \$32,323 in 1988, \$43,627 in 1989 & \$36,092 in 1990.

THEY DON'T MAKE MIRRORS LIKE THEY USED TO

Everything is further away than it used to be. It's twice as far to the corner & they added a hill, I've noticed.

I've given up running for the bus - it leaves faster than it used to.

They even make the stairs steeper than in the old days.

And have you noticed the smaller print in the newspaper? Nor does it make any sense to ask anyone to read it for you - they speak in such low tones these days.

The material in our clothes is skimpier, too - especially around the waist & hips - which makes it difficult to bend down to put your shoes on.

Even people are changing. They are so much younger than when I was their age. On the other hand, people my age are so much older looking than I am.

I ran into an old friend the other day & he had aged so much he didn't recognize me!

I got to thinking about the poor thing when I was combing my hair. So I glanced at my reflection - confound it all - they don't even make mirrors like they used to.

Fishin'.....by Grampa Walleye

Early May brought about fantastic small mouth Bass fishin' while late May/early June Walleye fishin' was anywhere from spotty to good around Kelleys. However right now it has dropped off drastically to say the least so instead of going on & on & lamenting about it...

Now & then a fish story comes around which is too good to keep to yourself & should be shared with others - here goes (courtesy of Paul Brown)!

"Last week, while fishing on "Long Point" Reef with Walter Johnson & Don Haas, I got hooked upon a big fish. I couldn't get it off the bottom, though, about 100 feet away I saw a diver, & offered a \$20 bill to go down & see what the problem was. Ten minutes later, he came up & said I had hooked onto a giant sturgeon, & it was inside an old car.

I then told him I would give him another \$20 bill if he could get him out of the old car.

Well, about 15 minutes later, he comes up & yells to me, "Hell, I just about had him out, & the damn fish rolled up the windows on me!"

Have you ever tried peanut butter on fish before cooking ?

Till next month, tight lines & good fishin!

Elephant Hors D'Oeuvres

- 1 Elephant (medium size)
- brown gravy (gallons of it)
- 2 Rabbits (optional)

Cut elephant into bite size pieces. Put into large kettle. Add enough gravy to cover. Cook over kerosene fire for about 4 weeks at 450'. This will serve about 3,800 people. If more are expected, the 2 rabbits may be added. But do this only if necessary, as most people do not like to find hare in their food.

Dear Readers,

This issue is late for a couple of reasons. First - a new K.I. based publication came out, The Perchie Press. A welcome addition to such a growing Island like Kelleys. I thought about putting the SeaScape to bed with this issue but couldn't face telling Coradine & Jessie. I would miss their columns too much! In fact after reading this one of Coradine's, I would have felt guilty the rest of my life.

Second - while waiting for divine inspiration to point which way this newsletter should go, Wally (my husband) & I took a long weekend to visit Lil' Wally in New Jersey. The first day there I came down with a case of food poisoning. Just before our visit, our son purchased a mattress & spring for a bed. I will be eternally grateful to him for that as 95% of my visit was spent on it. Until then, son Wally had been sleeping on a fold out foam couch. His apartment consists of 2 rooms & a bathroom, no kitchen (he doesn't cook). All 3 rooms together are a 'tad' bigger than a bread box.

So procrastination is over! I will continue as long as there are substantial sales & subscriptions. If I do fold, any subscription monies left over will be returned to the individuals involved.

OH Subscriptions are \$8.00 per year, sent to your home. Issues can also be purchased at the two grocery stores on the Island.

Deadline for next issue is July 4th.

Send in your news, comments & photographs. We love hearing from YOU!

At dockside & holding,

Carole
